

KNOW YOUR CROSSWALKS

**CONTROLLED
CROSSWALK**

**ENHANCED
CROSSING**

? *Where are these installed?* Locations with lots of activity and potential for conflict

? *Where are these installed?* Roadways with low traffic volumes near parks, schools, cultural centers, or transit connections

KNOW YOUR CROSSWALKS

CONTROLLED CROSSWALK

What Do I Do As a Driver?

- Come to a complete stop at red lights and stop signs
- Always expect pedestrians in the crosswalk
- Watch for pedestrians when making a turn

What Do I Do As a Pedestrian?

- Wait until you see the WALK symbol to cross
- Watch for turning vehicles

nyc.gov/dot

ENHANCED CROSSING

What Do I Do As a Driver?

- Slow down when approaching the crosswalk
- Look for pedestrians in the crosswalk or adjacent sidewalks
- Yield to pedestrians in the crosswalk
- Ensure that no one is crossing before continuing

What Do I Do As a Pedestrian?

- Watch for vehicles before crossing
- If a car is present, make eye-contact to establish connection with the driver – DO NOT assume they see you
- Cross only when the driver has yielded to you or if the roadway is clear of vehicles
