| Borough of Manhattan | Community Board No. 6 | January, 2010 |
|----------------------|-----------------------|---------------|

On January 27, 2010, the New York City Department of Transportation will begin the rehabilitation of the First Avenue Tunnel. Contract work includes repairs on the roadway, sidewalks, tunnel walls, and ceiling. The project is anticipated to be completed by October, 2010.

- **In the Tunnel**, work includes the replacement of wall and ceiling tiles, waterproofing of tunnel ceiling, anti-graffiti coating, crack repair, installing of weep holes (drainage structures)
- **Above the Tunnel** work includes the removal of undesired vegetation, reconstruction of parapet wall section, resetting of guide rail, sidewalk replacement, drainage frame replacement, resetting of granite curbs, slate stones and cobble stones.
