

## HIGHLIGHTS FROM THE PLAN:

- Cutting city traffic fatalities by 50% from 2007 levels.
- Implementing bus rapid transit lines and measures to improve bus speeds city-wide.
- Doubling bicycle commuting by 2015.
- Initiating city-wide parking policies to manage curb space and reduce cruising and congestion.
- Adopting complete streets designs to streets, especially in reconstruction projects.
- Delivering better street surfaces through coordination and management of street cuts and sub-surface infrastructure work.
- Maximizing energy efficiency throughout our street lighting and office operations.
- Retaining and attracting the best transportation engineers, planners and managers.
