

Surf Ave and Stillwell Ave

Pedestrian Safety and Traffic Calming

Background

- 2015 SIP re-aligned parking on Stillwell Av south of Surf Ave and installed LPI across Surf Ave
- Alliance for Coney Island requested neckdowns at the intersection

Location

- Crowded south sidewalks and crosswalks in summer
- Main gateway to historic Coney Island, Luna Park, Cyclone, and Aquarium

Before: Surf Ave and Stillwell Ave, looking West

Improvements

- Installed 3 painted / gravel neckdowns / pedestrian spaces with planters and flexible delineators
- Installed new lane designations
- Installed new taxi drop-off/loading area on northeast corner

Benefits

- Reduced speeding / calms traffic
- Improved pedestrian safety at Vision Zero priority intersection
- Safer, shorter pedestrian crossings with wider crosswalks
- Increased space for pedestrians
- Improved alignment of Stillwell Ave
- Delineated turning lanes
