

JOB VACANCY NOTICE

CIVIL SERVICE TITLE: Certified IT Developer, (Applications), L III	TITLE CODE NO.: 13643-03
OFFICE TITLE: .Net Developer / Cold Fusion Developer	SALARY: \$82,649 to \$101,632 (\$71,869 if less than two years of City service)
DIVISION/WORK UNIT: Information Technology	WORK LOCATION: 156 William Street, New York, NY 10038
HOURS 35 Hours Per Week	NUMBER OF POSITIONS: 1

JOB DESCRIPTION:

Under supervision, with considerable latitude for independent judgment will be a computer programmer on the team responsible for development and maintenance of agency core processing systems. This is primarily a coding position, however, over time, the activities will encompass many parts of the cycle of project development, including analysis, definition and documentation of business processes, business requirements and functional specifications, technical design and implementation as well as system test plans and system documentation.

PREFERRED SKILLS:

Experience

- 4+ years .Net. Must include C# and ASP.NET experience
- 2+ years Cold Fusion
- 2+ years XML.
- 1+ year AJAX.
- 4+ years SQL server
- 1+ years Java or other object oriented language

Skills

- Advanced .Net Skills – including object, web and stand alone project, and XML.
- Advanced Cold Fusion Skills – including modules and custom tags. MX experiences required.
- Experience building and maintaining multi-tier web applications.
- Extensive experience with T-SQL, including complex joins, database normalization.
- Experience building high volume, secure web applications.
- Experience working on development team using formal design specifications and rules.
- Experience using a database design & documentation tool such as Erwin or Visio.
- Good written and oral communication skills.

Plus

- Some experience with Fox Pro
- Some experience with Power Builder
- Professional/vendor certification in Cold Fusion MX 7 or higher is not required but is a plus.

MINIMUM QUALIFICATIONS:

Vendor/Professional Certificates: Microsoft Certified Application Developer for .Net (MCAD)

In addition, all candidates must have the following:

1. A baccalaureate degree from an accredited college, and two years of satisfactory full-time (not classroom based) experience in computer applications development planning, design, configuration, installation, troubleshooting, integration, performance monitoring, maintenance, enhancement, and security management; or
 2. A four-year high school diploma or its educational equivalent and six years of satisfactory full-time (not classroom based) information technology experience of which at least 2 years must have been as described in "1" above; or
 3. A masters degree in computer science or a related field from an accredited college may substitute for one year of experience.
- However, all candidates must have at least one year of satisfactory full-time (not classroom based) information technology experience as described in "1" above.

Note:

In addition to meeting the minimum Qualification Requirements:

Incumbents may be required to update existing and/or obtain additional professional industry-standard certification(s) for current and future technical environment(s) in which they may be assigned to work, as determined by the employing agency.

APPOINTMENTS ARE SUBJECT TO OFFICE OF MANAGEMENT AND BUDGET (OMB) APPROVAL.
