Under direction, candidate will serve as the Applications Developer who will work with a development team that reports to the technical lead and support and maintain a new system the Fire Inspection Revenue and Enforcement System (FIRES) (Accela/FPIMS Replacement system). Responsibilities will include assisting in the design and development of the new system; assisting in the migration and retirement of the existing legacy system; maintaining new system integrations and interfaces, system databases, Accela software configuration and scripting, document management, and reporting.

QUALIFICATION REQUIREMENTS:
A baccalaureate degree from an accredited college, including or supplemented by twenty-four (24) semester credits in computer science or a related computer field and two (2) years of satisfactory full-time software experience in designing, programming, debugging, maintaining, implementing, and enhancing computer software applications, systems programming, systems analysis and design, data communication software, or database design and programming, including one year in a project leader capacity or as a major contributor on a complex project; or

1) A four-year high school diploma or its educational equivalent and six (6) years of full-time satisfactory software experience as described in “1” above, including one year in a project leader capacity or as a major contributor on a complex project; or

2) A satisfactory combination of education and experience that is equivalent to (1) or (2) above. College education may be substituted for up to two years of the required experience in (2) above on the basis that sixty (60) semester credits from an accredited college is equated to one year of experience. A master’s degree in computer science or a related computer field may be substituted for one year of the required experience in (1) or (2) above. However, all candidates must have a four year high school diploma or its educational equivalent, plus at least one (1) year of satisfactory full-time software experience in a project leader capacity or as a major contributor on a complex project.

3) Education and/or experience equivalent to “1” or “2” above. College education may be substituted for up to two years of the required experience in “2” above on the basis that 60 semester credits from an accredited college is equated to one year of experience. A master’s degree in computer science or a related computer field may be substituted for one year of the required experience in “1” or “2” above. However, all candidates must have at least a four-year high school diploma or its educational equivalent and at least one year of satisfactory full-time software experience in a project leader capacity or as a major contributor on a complex project.

PREFERRED SKILLS:
Two or more years of experience working on large system development projects within a matrixes environment and cross functional teams from different Divisions/Bureaus/Departments.
Experience and demonstrated knowledge of System Development and the System Development Life Cycle.
Ability to read and write technical specifications and technical mapping documents.
Must be able to analyze and solve complex problems in addition to managing assignments and meeting project deadlines
Experience working and communicating with line staff, managers, and executives
Strong verbal and written communication skills.
Working knowledge with Microsoft Office Products including Word, Project, Power Point, Excel, and Visio.
Three or more years’ experience with Commercial Off The Shelf (COTS) software with demonstrated success record (experience with Accela software a plus): Xerox Docushare knowledge and experience, Java, SQL, experience with reporting tools (Crystal, Oracle, or SSRS).
Working experience with relational databases, experience with Extract, Transform, Load (ETL) tools, experience with 3rd party API’s.
NOTE: In order to have your experience accepted as Project Leader or Major Contributor experience, you must explain in detail how your experience qualifies you as a project leader or as a major contributor. Experience in computer operations, technical support, quality assurance (QA), hardware installation, help desk, or as an end user will not be accepted for meeting the minimum qualification requirements.

NOTE: New York City residency is required within 90 days of appointment. However, City employees in certain titles who have worked for the City for 2 continuous years may also be eligible to reside in Nassau, Suffolk, Putnam, Westchester, Rockland, or Orange County.

TO APPLY:
NON-CITY EMPLOYEES/EXTERNAL CANDIDATES PLEASE GO TO WWW.NYC.GOV/JOBS.
CITY EMPLOYEES MUST APPLY VIA EMPLOYEE SELF SERVICE (NYC.GOV/ESS). REFER TO JOB ID # __________.

DATED: March 6, 2015

“POST UNTIL”: Until Filled
