| Technology Development & Systems/Programming Unit | 9 Metro Tech Center  
Brooklyn, New York |

**JOB DESCRIPTION:**

The successful candidate will be a member of the Software Development Team and will serve as a Software Business Analyst in the Database Group to conduct feasibility and analysis studies for potential projects. The candidate will be responsible of gathering software requirements and specifications, document As-Is and To-Be of systems, develop Wireframe and conduct software testing. The Software Business Analyst will also be responsible in generating Functional and User Guide documentation. Candidate must have knowledge in Software Development Life Cycle and Systems Analysis work.

**QUALIFICATION REQUIREMENTS:**

1. A baccalaureate degree from an accredited college, including or supplemented by 24 semester credits in computer science or a related computer field and two years of satisfactory full-time computer software experience in computer systems development and analysis, applications programming, database administration, systems programming, data communications, including one year in a project leader capacity or as a major contributor on a complex project; or

2. A four-year high school diploma or its educational equivalent and six years of satisfactory full-time computer software experience as described in “1” above, including one year in a project leader capacity or as a major contributor on a complex project; or

3. Education and/or experience equivalent to “1” or “2” above. College education may be substituted for up to two years of the required experience in “2” above on the basis that 60 semester credits from an accredited college is equated to one year of experience. A master’s degree in computer science or a related computer field may be substituted for one year of the required experience in “1” or “2” above. However, all candidates must have at least a four-year high school diploma or its educational equivalent and at least one year of satisfactory full-time experience in a project leader capacity or as a major contributor on a complex project.

**PREFERRED SKILLS:**

- Two or more years of experience working with system end-users and system developers to define functional requirements for system design.
- Experience working within project teams including technical, business, and management staff. Strong verbal and written communication skills.
- Good working knowledge with Microsoft Office Products including Word, Project, Power Point, Excel, and Visio. Working experience with MS-Office, HP ALM/QC tool, Oracle tool and SQL will be a plus.

**NOTE:** New York City residency is required within 90 days of appointment. However, City employees in certain titles who have worked for the City for 2 continuous years may also be eligible to reside in Nassau, Suffolk, Putnam, Westchester, Rockland, or Orange County.

**TO APPLY:**

Non-City Employees/External Candidates Please Go To [WWW.NYC.GOV/JOBS](http://WWW.NYC.GOV/JOBS).

City Employees Must Apply Via Employee Self Service ([NYC.GOV/ESS](http://NYC.GOV/ESS)). Refer To Job ID #192695.

**DATED:** May 21, 2015  
**“POST UNTIL”:** Until Filled

“FDNY is ranked as the top place to work among gov’t agencies; and 17th overall among 500 employers among large U.S. companies, nonprofits, gov’t agencies, and U.S. divisions of multi-national.”

-Forbes magazine, on “America’s Best Employers 2015”

The Fire Department is an Equal Opportunity Employer.
