CIVIL SERVICE TITLE
Computer Specialist (Software) – Level II

TITLE CODE NO.
13632

OFFICE TITLE
Oracle Web Center/Portal Developer

SALARY
$75,275-Minimum salary for full-time employees with
less than 2 years of City Service
$86,566-Minimum salary for full-time employees with
more than 2 years of City Service

BUREAU/DIVISION/UNIT
Technology Development & Systems/Programming
Unit

LOCATION
9 Metro Tech Center
Brooklyn, New York

JOB DESCRIPTION:
The Oracle WebCenter/Portal Developer will be working within the Business Applications Systems and Support
Unit and will be responsible for designing, developing and implementing solutions using Oracle WebCenter
Content and Portal; will configure WebCenter software to meet business requirements such as Document
Management Repository, and designing, configuring and implementing Enterprise Content Management (ECM)
workflows. Additionally, the candidate will design and implement Web Center/ADF applications and design and
implement the metadata model for content contribution, storage and retrieval.

QUALIFICATION REQUIREMENTS:
1. A baccalaureate degree from an accredited college, including or supplemented by 24 semester credits in
computer science or a related computer field and two years of satisfactory full-time computer software
experience in computer systems development and analysis, applications programming, database
administration, systems programming, data communications, including one year in a project leader
capacity or as a major contributor on a complex project; or
2. A four-year high school diploma or its educational equivalent and six years of satisfactory full-time
computer software experience as described in “1” above, including one year in a project leader capacity
or as a major contributor on a complex project; or
3. Education and/or experience equivalent to “1” or “2” above. College education may be substituted for up
to two years of the required experience in “2” above on the basis that 60 semester credits from an
accredited college is equated to one year of experience. A master’s degree in computer science or a
related computer field may be substituted for one year of the required experience in “1” or “2” above.
However, all candidates must have at least a four-year high school diploma or its educational equivalent
and at least one year of satisfactory full-time experience in a project leader capacity or as a major
contributor on a complex project.

PREFERRED SKILLS:
Strong experience using Oracle WebCenter 11g Portal Framework development and deployment and J2EE Web
Development skills. Strong HTML, Oracle SQL, and PL/SQL Programming skills.
Integration experience with Oracle, distributed technologies, Frameworks and Application servers.
The ability to work closely with front end developers to apply high-fidelity UI functionality.
