Date: April 30, 2013

The Mayor's Office of Long-Term Planning and Sustainability received a written notice from the U.S. Environmental Protection Agency (EPA) informing us of a technological deficiency in the online benchmarking tool that precludes compliance with Local Law 84 of 2009 (Benchmarking) and the May 1st deadline for the 2013 reporting year. Therefore, pursuant to Local Law 84 section 28-309.6, the City of New York will extend the compliance deadline until May 31, 2013.

Sincerely,

Sergej Mahnovski, Director, Long-Term Planning and Sustainability
