

## 2017 NYC Benchmarking Law Covered Buildings List - NOT Required to Comply

### NOTES:

1) Please review the column labeled "Is this required to comply by May 1st, 2017?" to determine whether or not your property is required to comply this year. If your property is flagged as "No", it is NOT required to comply in 2017. You are still responsible for checking the updated list next year to see if its status changes for 2018.

2) If you are required to report automated water data from DEP, visit <http://www.nyc.gov/html/gbee/html/plan/energy.shtml#water> for more instructions.

3) If your BBL has an incorrect street address, please request a change by visiting <http://nyc.gov/changemailingaddress>

4) According to DOF property records, all properties on this list are larger than 50,000 sq ft. If this is incorrect, email [benchmarking@finance.nyc.gov](mailto:benchmarking@finance.nyc.gov). Do not use the "DOF Square Footage" in Portfolio Manager as it is not the lot's total gross floor area. DOF square footage only determines if a lot must comply. Please calculate and input the total gross floor area.

5) Mid-size building owners of properties 25,000-50,000 square feet are **not** required to benchmark in 2017.
