Norman Dion  
Inspector General  
160 Water Street, 17<sup>th</sup> floor  
New York, NY 10038

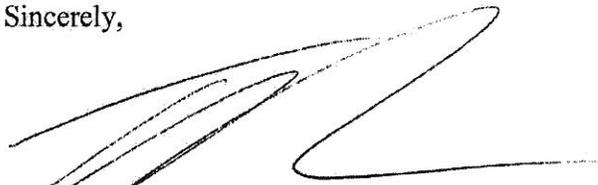

Dear Mr. Dion:

I am responding to your December 4, 2013 letter and report (OIG#09-1106) to Alan Aviles, regarding the Inspector General's findings regarding Mendel Hagler, former Executive Director of Gouverneur Health Services, Collins Wilson and Rohan Ellis, employees at Woodhull Medical and Mental Health Center.

Your first recommendation was that HHC's Office of Legal Affairs should issue a written demand to the Bronx Center for Rehabilitation and Healthcare immediately remove a sign indicating an affiliation with Jacobi Medical Center and North Central Bronx Hospital. Before issuing any written request, our Office of Legal Affairs will be conducting a thorough review of its own to confirm whether there are any legacy agreements of any nature between the Bronx Center and HHC facilities.

A second report recommendation is for a copy of the IG report (OIG#09-1106) be placed in the personnel file of Mr. Hagler in the event he seeks employment with HHC or with a New York City agency. However, HHC does not include copies of any IG report in the personnel files of employees because of the risk of disclosure of the confidential report, but the personnel file can include the IG report number for reference.

Sincerely,

Tamiru Mammo
