HHC Elmhurst Hospital Center Hosts Free Cancer Screening Event

To raise awareness among the community during Oral, Head and Neck Cancer Awareness Week, the New York Health and Hospitals Corporation (HHC) Elmhurst Hospital Center will host its annual screening event on Thursday, April 16th. Screenings are for adults 18 and older, and will include a complete head and neck examination at no cost.

According to the American Academy of Otolaryngology – Head and Neck Surgery, 50 percent of people with head and neck cancers have advanced cases by the time they first see a doctor. Preventive screenings help identify potential problems early, while the disease is often curable.
