

The Metropolitan Hospital Center  
Community Advisory Board  
Presents a **Community Forum** on

# Synthetic Drugs *in East Harlem*

K2, Molly, and Spice are some of the popular names for synthetic marijuana and other drugs. Health experts are warning of the dangerous effects of these drugs, with the majority of cases right here in East Harlem.

Come hear from medical experts, representatives from the District Attorney's Office and NYPD to learn what we can do to prevent another drug epidemic in our community.
