

A MESSAGE FROM THE CHIEF OPERATING OFFICER

Welcome to the North Central Bronx Hospital website. NCBH represents the best that a community hospital has to offer: quality care in a friendly and familiar setting. Most of our programs and services are designed for the health needs of our own neighbors. Many of our staff members live in the community, and as such are well-known to the patients they care for.

NCBH has developed a fine reputation in a number of service areas, most notably primary care, women's healthcare, pediatric emergency services, asthma services, geriatric medicine, and others.

We are honored by your interest in NCBH, and hope that the information on our site answers your questions.

If you would like additional information, please use our 'Contact NCBH' form by clicking on the email button under the Contact NCBH heading in the left column of our home page, and send us your question. Our staff will get back to you promptly.

Sincerely,

Sheldon P. McLeod

Chief Operating Officer, North Central Bronx Hospital
