Procurement Title: Social Services for Families Living in Communities (LINC II) Program

Agency: DHS

Program Name: Homebase Homelessness Prevention

Agency Email Contact: Marta Zmoira, mzmoira@dh.nyc.gov

Procurement Description:

The Living in Communities (LINC) II program serves families in shelters, who are episodic stayers with some income, with the ultimate goal of decreasing the number of families staying in the shelter system. The program provides rental assistance to help close the gap between the eligible family's income and the cost of housing and also includes a service component designed to stabilize the family's transition from shelter to permanent housing.

Through this procurement, DHS is seeking qualified Providers to administer the social service component of the LINC II program. The services to be provided will adhere to a program model that relies on the evidence-based practice of Critical Time Intervention (CTI) to engage families through intensive case management. Services will include activities such as housing search and placement, budgeting, and connecting clients' specific needs to relevant supports within the community.
