

Procurement Summary

Basic Information

Procurement Title: Chlamydia/Gonorrhea Screening Program

Agency: DOHMH

Program Name: Chlamydia Screening Program

Agency Email Contact: RFP@health.nyc.gov, indicate "Chlamydia/Gonorrhea Screening Program" in subject line

Procurement Description: The Chlamydia/Gonorrhea Screening Program provides testing, treatment and education related to Chlamydial infections and other sexually transmitted diseases (STDs). The goals of the program are to 1) prevent infertility caused by untreated Chlamydial infections and other STDs, 2) improve the delivery of Chlamydia and Gonorrhea screening, 3) provide STD treatment to infected patients in order to mitigate adverse sequelae, including pelvic inflammatory disease and infertility, 4) educate women and their partners about STDs, and 5) ascertain the most accurate Chlamydia prevalence estimates through data collection systems.

Through this procurement, DOHMH is seeking Providers to conduct Chlamydia/Gonorrhea screening, offer treatment to all clients who test positive for Chlamydia, and make use of Expedited Partner Therapy to treat clients' sex partners. The target population is women of reproductive age under 26 years of age who are uninsured or underinsured in high morbidity neighborhoods located in Brooklyn, Bronx and Manhattan.

Providers must be licensed in New York State as an Article 28 Diagnostic and Treatment Center, have a clinic located in one of the target neighborhoods and have a significant portion of patients who are uninsured or underinsured.
