Procurement Description:	Human Resources Administration (HRA) Office of Housing and Homelessness Prevention (HPLP) is seeking qualified vendors to provide Anti-Eviction Legal Services in all five boroughs. The Anti-Eviction Legal Services Program provides an array of legal services that help ensure that low-income families facing eviction or other potential loss of housing remain housed and avoid becoming homeless and entering shelters. HRA is seeking two (2) to six (6) contracts per borough. By targeting these legal services toward the most at-risk households facing eviction and homelessness, the project will maximize both social and monetary benefits to the City and its most vulnerable residents. This program will target risk factors such as a history of homelessness, potential loss of housing subsidies and public housing, and the involvement of multiple city agencies. Researchers have shown that a history of homelessness is the greatest predictor of future homelessness. Housing subsidies, particularly those that are federally funded, have been proven to be the most effective means by which households remain stably housed. Once evicted, these subsidies are most often lost to vulnerable tenants forever.
