Introduction to the HHS Accelerator Application

Doing business with the City has never been easier. With a reengineered procurement process, increased transparency and more intuitive technology, the HHS Accelerator System simplifies how to do business with the City. The HHS Accelerator Application is straightforward and will not only save time and paperwork, but will help organizations to proactively manage their profiles with City agencies, other potential funders, and partners. An approved HHS Accelerator Application will also allow your organization to submit proposals in response to Requests for Proposals (RFPs) from the City.

To become eligible to conduct business with the City of New York, all Client and Community Services organizations must submit a completed HHS Accelerator Application, which is composed of a Business Application and at least one Service Application.

- **The Business Application** collects information to verify each organization’s ability to establish or maintain a business relationship with the City.
- **The Service Application** gathers documentation to establish an organization’s service experience and capabilities. For approved services, your organization becomes eligible to submit proposals in response to City RFPs.

Becoming Eligible to Conduct Business with the City

Information and documents collected as a part of the HHS Accelerator Application were previously required each time organizations submitted proposals, even to the same City Agency. The HHS Accelerator process only requires application information be entered initially and then be refreshed every three years—except for critical documents required for compliance with annual filing requirements. When you enroll in the new system, you are agreeing to update your organizational records as required for contract registration.

In order to become eligible to respond to RPFs, organizations must fully complete all five sections of the application, provide all required documentation, and be approved by the HHS Accelerator Team. Responses and documentation will be reviewed by the HHS Accelerator Team. As you complete your HHS Accelerator Application, remember:

- You don’t have to finish the application in one sitting – once you register and set your username and password, you can save your work and return to complete it at a later time
- As your organization grows and changes, you can update basic information and add additional services at any time
- Online help is available on the HHS Accelerator website and you can also contact the HHS Accelerator Team through the system
- A progress meter indicates your organization’s completion status in a section:

<table>
<thead>
<tr>
<th>Not Started</th>
<th>Partially Complete</th>
<th>Complete</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Not Started Icon" /></td>
<td><img src="image" alt="Partially Complete Icon" /></td>
<td><img src="image" alt="Complete Icon" /></td>
</tr>
</tbody>
</table>

- Multiple users can complete different sections of the Business Application simultaneously. The Business Application isn’t necessarily linear; however, the answers to questions will dictate which documents are required to complete your application.
Your homepage shows where your application is incomplete and/or missing information. Alerts will appear on your homepage and will be automatically sent when the Business Application is close to expiration.

**Submitting your HHS Accelerator Application**

We suggest that you complete the HHS Accelerator Application as soon as possible. Only organizations that have completed the HHS Accelerator Application will receive notification of RFP releases. In order to respond to RFPs, you need an approved business and service(s) application(s).

**Maintaining Eligibility**

Once an organization’s application has been approved, the organization is qualified for a period of three (3) years. Attached service applications expire with the business application—no matter how close to the expiration of the business application the service was added. For example, if a business application was filed two years ago and a service application was attached, both applications expire at the same time. Organizations are strongly encouraged to re-apply for the Business Application, as well as corresponding services, at least six (6) months before their Business Application expires. If substantive changes in the information provided in the Business Application changes before the first Business Application expires, the HHS Accelerator Team must be notified immediately. In addition, organizations must continue to complete all required annual fillings to oversight agencies and update documentation in the HHS Accelerator System.

**Fulfilling the Business Application’s Document Requirements**

Before starting, we suggest that you assemble and scan an official digital copy of any of the following documents that apply to your organization. Based on how you respond to the Application questions, you will be prompted to attach a combination of the documents listed below:

- Chief Executive Officer (CEO) Resume
- Chief Financial Officer (CFO) Resume
- Organizational Chart

Only one form of documentation is required, and the application questions will guide you to select the most appropriate form. The three types of information are as follows:

1. Contract or Grant ID.
   - To obtain your City Contract ID, visit the City’s Comptroller’s ClearView NYC website [http://www.comptroller.nyc.gov/mymoneynyc/clearview/](http://www.comptroller.nyc.gov/mymoneynyc/clearview/). Click the “Checkbook NYC 2.0” tab and then the “Advanced Search” link. Click the “Contracts” tab, enter your organization’s information, choose the appropriate City Agency to narrow your search and locate your 11 digit Contract Number

2. Resume of staff member key to the program’s execution.
3. A written statement of organizational capabilities.

Adding Additional Service Applications

Once you have completed the HHS Accelerator Application, you are encouraged to submit additional Service Applications as appropriate. Each service prequalification brings increased exposure to business opportunities with the City. The HHS Accelerator Team recommends that you thoroughly review the system’s service catalog, to become familiar with the potential service opportunities and compare them to your organizational capabilities.

Each organization’s HHS Accelerator Application remains active for three years; while each subsequently-approved Service Application expires at the end of the HHS Accelerator Application’s lifecycle. Organizations are strongly encouraged to re-qualify at least six (6) months before their application expires. An organization’s eligibility is dynamic and subject to review. Should future events result in substantive changes in the information provided in the HHS Accelerator Application, the HHS Accelerator Team must be notified by contacting the HHS Accelerator Team in the system.
