**STATEMENT FROM CHAIR MEENAKSHI SRINIVASAN RE: PROPOSAL TO ADDRESS AGENCY
BACKLOG**

Agency will take additional time to consider its proposal to issue “no action” letters to items that have been on LPC’s calendar for five years or more with no action taken by the Commission.

“In response to community requests for more time, the Commission has decided not to proceed on December 9th and take a pause to continue to consider feedback on aspects of the proposal. We remain committed to making the Landmarks Commission more effective and responsive in its work, and to clearing a backlog of items that have sat idle for decades so that we can focus on today’s preservation opportunities.”
