Greener Lenox is an environmental initiative presented by The League: DGM, Inc as a neighborhood beautification and tree restoration project. Adopting 45 trees along Lenox Avenue, we earned the responsibility of keeping Harlem clean and beautiful with the help and assistance from neighborhood residents, local business owners, volunteers, and supporters like you. The League: DGM, Inc are recipients of the NYC Million Trees Award and sponsored by Harlem Haberdashery and MMPCIA. #treerestoration #cleaningupnewyork #greenlightgreenstreets
