Re: Letter of Support for Traffic Calming Measures on West 142nd Street

Dear Ms. Centeno:

Manhattan Community Board 10 writes in support of the construction and installation of a traffic calming measures in the area around St. Charles Borromeo School located on West 142nd Street, between Adam Clayton Powell Boulevard and Frederick Douglass Boulevard.

The Department of Design and Construction (“DDC”) presented this proposal to our Parks, Recreation and Transportation Committee. The Committee looked upon this proposal favorably and passed it on to our Executive Committee. **On September 28, 2011, the Executive Committee voted unanimously to approve this proposal by a vote of 12 in favor, none opposed and zero abstentions.**

As Community Board Members and residents, we are deeply invested in traffic safety, and believe that DDC’s proposal will address an ongoing safety issue for the neighborhood and will instill awareness and enforce compliance. We applaud DDC’s effort to improve traffic safety in our District.

Sincerely,

Henrietta Lyle, Chair
