STREET CO-NAMING: GENERAL GUIDELINES

Streets located within the boundaries of Manhattan Community Board 10 (CB10M) will be considered for co-naming in honor of individuals, subject to criteria established by the Board.

The Transportation Committee will hear street co-naming requests. If the request is approved by the committee, the application will be brought before the Executive Committee and the full Board for final approval.

All requests must be accompanied by a street co-naming application and relevant documentation of the honoree. The request and documentation must be submitted to the Community Board Office at least four (4) weeks prior to the scheduled committee meeting. Applicants who fail to submit the required articles to the Community Board office at least four (4) weeks prior to the scheduled committee meeting will not have their application reviewed by the committee until the next scheduled meeting.

- Prospective honorees should have demonstrated an extraordinary and consistent commitment and dedication to the community.
- Prospective honorees must be deceased.
- Prospective honoree must have a physical connection to the location of the co-named street.

A petition demonstrating community support must be submitted to the Board after the initial co-name approval by the Transportation Committee. The petition must include a minimum of 60% of the total residents and businesses on the designated block. The petitions must include the names, addresses, phone numbers, email addresses and signatures of the residents.

For reference, examples include the following:

- The total number of residences and businesses on the affected block or blocks if a corner co-naming is requested e.g.: ten (10) apartment buildings with 100 units and five (5) ground floor businesses;
- A minimum of 60% of the total amount of potential signatures of residents and/or business people on the affected block including their addresses. For example, a petition from a block with 100 units would require a minimum of 60 signatures of support.
