Both the meeting and workshop were very well attended by local official staffs and community membership; participants provided extensive feedback voicing preferences for bike docking station locations as well as concerns regarding the integration of the program within the existing transportation and street network. Minutes will be shared with NYCDOT for response and follow-up requests. A Draft Letter by the CB10 and local Public Official to be sent to NYCDOT that outlines community priorities, concerns and requests is underdevelopment.

c) Discussions:

- Review of Street Co naming Process: Project Leader Marquis Alexander Harrison; team Ashley Emerole and Maurice Sessoms. 2016 first quarter update with proposal to improve on the existing process.
- Meetings: Committee Members will be made aware of meeting and communications to attend relevant transportation related events.
- 145th street Lenox Ave Walk thru: Sparse written comments received

SAFETY IMPROVEMENTS NEAR LENOX AVENUE AND 145TH STREET

70 participants
(one written comment)

NYCDOT is in favor of making changes to the project utilizing future input through its partnership with Community Board 10.

NEXT PROJECT UPDATE: To be scheduled at a community venue

In order to continue to make the changes requested at the walk through Community Board 10 must receive written comments from the public.

NYC Department of Transportation presented a proposal back in March 2015
