DOT M60 Select Bus Service

Department of Traffic and the New York City Transit Authority are proposing select bus service on M60 route. It will feature limited stops, off-board fare collection and bus lanes. The other bus lines, BX15, M100 and M101 will make regular bus stops. For additional information and comments contact Community #10 Board Office.

Proposed Extension of BX20 Bus Route Into Central Harlem

Tony Edwards from Council Ydanis Rodriguez office continued his presentation concerning an extended bus route across Dyckman Street to Central Harlem. The purpose of the new route was designed to accommodate the area residents who reside along the Broadway Dyckman Street corridor with access to the north east section of Central Harlem. The idea was submitted to MTA Governmental Affairs for cost estimation. A follow –up letter from MTA President Thomas Prendergast indicated that “In light of our current fiscal situation NYCTA cannot recommend this extension due to its high cost and its lack of potential ridership”.

Hansboro Facility Up-Date

Ellis Mercer reported that the Construction of the locker room facility was suspended for two weeks because of a design problem which has been resolved. The construction should be completed in September.
