District Overview

Narrative	<p>Manhattan Community District 12 (CD12M) encompasses the most northern parts of Manhattan, including Washington Heights and Inwood. The district, which is geographically diverse, is bounded by the Harlem River Drive on the east side and by the Hudson River on the west side; and runs from West 155th Street to West 220th Street.</p> <p>We are a diverse community of 209,617 residents, an increase of 19,000 residents from the last survey (U.S. Census Bureau, 2010-2012 American Community Survey 3 Year Estimates - Population Division - New York City Department of City Planning (Jan 2014)), including a majority of residents 149,678 (71.4 percent) of Latino or of Hispanic heritage; 34,463 (16.4 percent) of White Non-Hispanic; 16,155 (7.7 percent) of Blacks/African American Non-Hispanic; 5,240 (2.5 percent) of Asian or Pacific Islander Non-Hispanic; 74 (less than 1 percent) of American Indian and Alaska Native Non-Hispanic. The largest group in the district is of Dominican descent. Community District 12 is also an immigrant community: the district has a foreign born population of almost 50% (102K residents), with 55.5% residents not being a citizen yet. The median age in the district is 36, and almost a quarter (20.6%) of our population is under 20 years old and 12.1% of our residents are over the age of 65.</p> <p>We also have a high poverty and unemployment rate: 21.2% of our residents live on incomes below the federal poverty threshold, with 33.5% of those people being under the age of 18. Our district median household income (\$39,535) and the Manhattan median household income is (\$66,739) . In addition, the American Community Survey 3-year estimates for 2010 through 2012 indicates that 10.3% of our residents ages 16 and over were unemployed and 33.6% were not in the labor force. In 2013 49.5% of our residents were one 1 or more forms of public assistance (an increase of 1.5% vs. 2005 when last measured, according to the Dept. of NYC Planning Community District 12 portal page. Notably, 31.5% of our adults over are over the age of 25 and do not have a high school diploma. Community District 12 urgently need employment services to increase the median household income, social/human services that support our working families, vocational training schools to raise resident skill levels to obtain competitive employment, provide more services for immigrant families, and more free ELS courses for non-English speaking residents.</p>

Health Care and Facilities Programming -- Needs and Requests

High level comments or background information	Our residents are less likely to have regular health care providers than those in NYC overall and foreign-born adults and men are least likely to have a regular doctor. Nearly one in ten residents use the emergency room, most likely at New York-Presbyterian Hospital, when they are sick or need medical advice. One in five local adults is obese, and almost one half do not exercise. The birth rate to teenage mothers is higher in this community than in all of Manhattan and NYC overall. On the plus side, the average annual death rates in our district is reported to be lower than in Manhattan and NYC overall.

Facilities and Programming for Older New Yorkers -- Needs and Requests

High level comments or background information	<ul style="list-style-type: none"> • The continuation of the Ambulatory Care Network off-site practices operated by New York-Presbyterian Hospital (NYPH), which serve people who otherwise would not have regular doctors. • Increased funding for mental health programs and school-based health clinics in Community School District 6 schools.COMMENTS • Full staffing and extended hours for the Dyckman Clinica de las Americas / Dyckman Health Center and the Washington Heights Child Health Center, the two facilities in our district operated by the NYC Health & Hospitals Corporation. <p>= A strong effort should be made and stronger help from elected officials to avoid the closing of ARC Fort Washington Inc, , a center which provides crucial services to the Washington Heights fast growing senior community. ARC is being pushed out of their facilities due to the expiration of their current lease. (Pls see photos of rally held by elected officials, CB12 Chair & Community))</p> <p>=Home Care Aid centers need to better train their staff (home aids) in order to have a more efficient service,especially to those home-bound seniors.</p> <p>=Closer oversight of response seniors receive when they make any complaints and/or claims to the coordinators @ HCA offices.</p>

Youth, Education and Child Welfare

Purpose Label	
---------------	--

Youth, Education and Child Welfare

Youth, Education and Child Welfare Most Important Issue	After school programs
Most Important Issue Explanation	There are 32 geographic Community School Districts (CSD) in New York. Each district is in charge of their elementary and secondary public schools within their community. Of these 32 CSD, District 6 consists of the Upper West Side, Harlem and Washington Heights/Inwood communities located in the northern part of Manhattan (from West 135th to 218th Street). District 6 enrollment has approximately 25,121 students (K-12) according to district 6 data of 2015-16. There are 49 public schools in District 6, of which 31 public schools (K-8) and 8 high schools are situated within the Washington Heights and Inwood community and the remaining 10 schools are located in the Upper West Side and Harlem. There are 19 out-of-school time (OST) programs, 8 daycares and head start programs, and 3 public libraries in the community of Washington Heights. However, local concerns regarding the improvement and increase of resources in this community continue to be a challenge. Community District 12 is in urgent needs of significant after-school enrichment/extracurricular activities at local schools and parks within the district; the school day ends for most students around 2:30pm, and most families in the district find it difficult to provide adequate after-school supervision for this children – an increase of funding for after-school enrichment/extracurricular activities at local schools and parks within the district is highly desirable.

Educational Facilities and Programs

Educational Needs and Budget Requests	Yes
Resources Label	

Educational Facilities and Programs -- Needs and Requests

High level comments or background information	<p>Physical Education (PE) serves as a keystone to reinforce student's academic achievement and prepare them to be physically and mentally active. School districts in New York City are mandated by the NYS Dept of Education to provide students with physical education and fitness paces, and to be instructed by Certified Teacher. However, evidence continues to suggest (report issued by the Comptroller Scott Stringer that the lack of physical education increases the health risk of students to become obese. Over 25 percent of students in New York City between the ages of 5 to 14 in Kindergarten through 8th grades are obese or severely obese. In several schools located in CB #12, Manhattan District including I.S 528, Bea Fuller Roger; I.S. 223, Mott Hall; and I.S 28 that serve students from PK-5th grades and 6th-8th grades do not have education fitness and /or their gymnasium. These schools have been waiting for the more than a decade to correct this problem. Therefore, it is imperative that DOE provides the capital funds for FY17 for the restoration and increase of physical education and fitness spaces needed in the aforementioned schools within CB#12 district. See http://comptroller.nyc.gov/reports/droppingtheball</p> <p>Additionally, the majority the school facilities in the CB #12, M are very old in great disrepair and in need of renovation or reconstruction. For example the swimming pool of the George Washington High School has been out of use for more than 20 years. The students in this district does not have access to a swimming pool. Swimming as sport is not being offered to the student.</p>

Services for Children and Child Welfare -- Needs and Requests

High level comments or background information	There is a high demand for a variety of programs in the community and among them are child care to assist working parents and after school programs, job training and skill development, college readiness programs to help students succeed in higher education, healthy eating in schools to reduce obesity, and youth anti-violence programs that promote safer communities. Expanded access to the Universal Pre-K program successfully created by Mayor De Blasio – the demand for Pre-K slots in Community District 12 has outpaced the availability – including in the zoned school districts of many community residents – the City and DOE should focus on creating more Pre-K resources in the district – our district has seen an increase of almost 2,000 children under the age of 5 from this report last year – the need for Pre-K resources is on the rise.

Youth and Community Services and Programs -- Needs and Requests

High level comments or background information	<p>Community District 12 urges the City of New York to provide significant resources in the following areas concerning education needs of our community, including:</p> <p>Expanded access to the Universal Pre-K program successfully created by Mayor De Blasio – the demand for Pre-K slots in Community District 12 has outpaced the availability – including in the zoned school districts of many community residents – the City and DOE should focus on creating more Pre-K resources in the district – our district has seen an increase of almost 2,000 children under the age of 5 from this report last year – the need for Pre-K resources is on the rise.</p> <p>With an ever expanding student population in the district, Community District 12 is in urgent needs of significant after-school enrichment/extracurricular activities at local schools and parks within the district; the school day ends for most around 230pm, and most families in the district find it difficult to provide adequate after-school supervision for this children – an increased after-school enrichment/extracurricular activities at local schools and parks within the district would help further develop the educational progress of these children, as well as keep them in safe environments and our of mischief.</p> <p>The kindergarten through 8th grade population in the district represents well over 50% of the communities student population, at 17,039 students – Community District 12 is in urgent need of more classroom space, including the construction of new schools; many schools in our district are severely overpopulated, including P.S. 187, and P.S. 132, which negatively impacts the educational developments of the children enrolled in those schools, and limits the resources they have at their disposal for growth and continued excellence.</p> <p>Community District 12 only has 1 District-wide G&T program that encompasses Community Educational Council Districts 5 & 6 – we strongly urge the City of New York and the DOE to create 1-2 additional G&T programs in the districts, having at least 1 in each Community Educational Council District, 5 & 6. The need for additional G&T programs is evident by the amount of young children taking the G&T tests, As well as the rising population of those children under 5years of age, which will create a space issue in the future.</p>

Public Safety

Purpose Label

Public Safety

Public Safety Most Important Issue General crime

Most Important Issue Explanation Community District 12 requires more permanent officers (police officers, supervisors, and detectives) and police services to address issues facing an increased number of residents, visitors to the almost 1,000 acres of parkland, more events in the community and the city that require staffing which drain the resources in place, increased security at different locations, and a major increase of visitors due to a proliferation of restaurants and nightlife establishments. With an expected increase in the population due to new housing, the services are even more warranted for crime prevention in order to maintain or decrease the major index crime statistics and any other violent or non-violent crimes.

Our two police precincts - the 33rd and 34th precincts - cover 155th to 218th Street from river to river and this landscape includes a major hospital and its affiliates; public housing developments; several large and popular parks that encompass baseball and soccer fields, a public swimming pool, three boating docks; a homeless shelter for men; transit rail yards; a NYC Department of Sanitation depot; senior centers; a university; museums; and more than 100,000 residents with an influx of tens of thousands of tourists and visitors to the community, particularly from May through October. Both precincts lack a sufficient number of permanent officers to address crime, particularly slashing and stabbings, violence on the street, rape and sexual assault, and gang activities as well as the increased volume of quality of life issues. There has been a vast increase of quality-of-life complaints documented by 311 calls, which include noise, loud music, loitering, car break-ins and vandalism, graffiti on private and public property; large crowds in our parks; illegal Fourth of July fireworks which last for several days before and after the holiday; the increase of the homeless throughout the city and uptown, where residents have reported homeless men congregating on sidewalks and intimidating neighborhood residents both on the street and in the subways; and illegal parking.

There has been a vast increase of quality-of-life complaints documented by 311 calls, which include noise, loud music, loitering, car break-ins and vandalism, graffiti on private and public property; large crowds in our parks; illegal Fourth of July fireworks which last for several days before and after the holiday; groups of homeless men intimidating neighborhood residents both on the street and in the subways; and illegal parking.</p> <p>Community District 12 urges the City of New York to provide a an additional 30 police officers for both the 34th and 33rd Precincts as well as provide them with additional transportation equipment, including patrol cars and ATVs so that they may adequately protect and serve the community. A command post set up near the Dyckman Street area will enable officers to respond to 911 and 311 calls at the end of the precinct in a more timely and efficient manner. In order for complete transparency, we are requesting that all uniformed patrol officers and supervisors be allocated body cams. With the increased technology, we request that Spotshotter be implemented in both precincts in order to ascertain where shots are fired, aiding the NYPD in reducing gun violence. Finally, being the geographic territory of Community Board 12 is particularly vast, we urge the City of New York to provide the 33rd and 34th Precincts with a significant closed circuit camera and lighting budget, so that they can keep track of troubled areas as well as focus on preventative issues, all while using the latest technology available, without sacrificing human resources on the ground, which could instead be used for urgent responses by law enforcement.</p>

Assign additional uniformed officers	
--------------------------------------	--

1. Priority	1
Request Quick Reference Name	More police officers
Required Label	
Need	NYPD staff and training resources
Request	Assign additional uniformed officers
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	We are requesting an increase the number of police officers plus supervisors in the 33rd and 34th Precincts due to quality of life and other issues in the community. This increase is due to the large increase in the number of nightlife establishments which brings more visitors and traffic to our community, an increased number of visitors to our parks, along with an increase in the number of residents.

Assign additional housing police officers	
Assign additional transit police officers	
1. Priority	1
Request Quick Reference Name	Transit Police
Required Label	
Need	NYPD staff and training resources
Request	Assign additional transit police officers
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Additional transit officers are requested to patrol A, C, and 1 stations, particularly with Homeless Outreach, during the winter months when our trains, particularly the A, become hotels.

Assign additional traffic enforcement officers	
1. Priority	1
Request Quick Reference Name	
Required Label	
Need	NYPD staff and training resources
Request	Assign additional traffic enforcement officers
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Additional traffic enforcement officers are requested to handle illegal parking including double and triple parking and illegal valet parking in the district, particularly in Inwood on Dyckman, 10th Avenue, and 207th Streets, and throughout Washington Heights, including 181st Streets.

Assign additional school safety officers	
1. Priority	1
Request Quick Reference Name	School Safety Officers
Required Label	
Need	NYPD staff and training resources

Request	Assign additional school safety officers
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Additional school safety officers are needed to help combat the rise in attacks against school safety officers as well as bullying, including cyber bullying, gang recruitment, and assaults or the threat of throughout schools and school property in our District. Since police officers are no longer permanently assigned to the schools, this need is imperative. According to NYPD statistics, school safety officers have been seriously injured in violent disputes in school campuses around the city.

Assign additional community affairs officers

1. Priority	1
Request Quick Reference Name	Community Affairs Officers
Required Label	
Need	NYPD staff and training resources
Request	Assign additional community affairs officers
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Additional officers trained in community affairs would help increase trust, enable better communication between the public and NYPD, help resolve issues before and after they arise; provide crime tips; and allow officers to participate in community-policing bonding programs, such as one that takes place in our Fort Washington branch of the New York Public Library (34th Precinct).

Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)	
1. Priority	1
Request Quick Reference Name	Additional Officers
Required Label	
Need	NYPD staff and training resources
Request	Assign additional staff to address specific crimes (e.g. drug, gang-related, vice, etc.)
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Additional officers, including detectives, will aid in the combatting of crime in our community, particularly those trained in dealing with people with mental health issues. Specialized teams assigned to our parks on a regular basis will help improve the quality of life and reduce these complaints. A nightlife team would help with crowd overflow, aiding businesses in maintaining a safer environment and reducing the amount of 311 calls from neighbors.

Increase resources for vandalism prevention programs, such as anti-graffiti initiatives

1. Priority	1
-------------	---

Request Quick Reference Name	Anti-graffiti initiatives
Required Label	
Need	NYPD programs
Request	Increase resources for vandalism prevention programs, such as anti-graffiti initiatives
Agency	New York City Police Department
Budget Category	Expense
Explain and Specify Request	Anti-graffiti initiatives: We have seen a large increase in graffiti on both residential and commercial buildings, cars, rocks, trees, and air conditioners, plus scratchings on windows. Any assistance to combat this would help improve current conditions.

Renovate or upgrade existing precinct houses	
1. Priority	2
Request Quick Reference Name	334th Precinct Restrooms
Required Label	
Need	NYPD facilities and equipment
Request	Renovate or upgrade existing precinct houses
Agency	New York City Police Department
Budget Category	Capital
Explain and Specify Request	<p>The men's and women's public restrooms on the first floor of the 34th Precinct require renovation. They invoke a rest stop from the Jersey turnpike from the 1970s and have not been updated and/or renovated since the precinct first opened - in the 1970s. Not a welcoming experience for any visitor. They are heavily used by members of the public, members of the precinct and other NYPD officers and officials, and those who are under arrest.</p> <p>Conditions include stall doors require replacing as they do not function properly, poor lighting, old and inefficient sinks and plumbing, old tiles requiring regrouting, and general dirt and disrepair although they are cleaned regularly. A changing table in each of these restrooms is recommended. The bathrooms should be ADA compliant when renovating</p>
Location	34th Precinct Stationhouse

2. Priority	1
Request Quick Reference Name	Telephone Systems
Required Label	
Need	NYPD facilities and equipment
Request	Renovate or upgrade existing precinct houses
Agency	New York City Police Department
Budget Category	Capital
Explain and Specify Request	The telephone system at the 34th was replaced three years ago. However, some departments within the precinct have not received upgraded technology and this is requested as well as prompt servicing and perhaps a better service contract. As an example: If you call the 34th Precinct and the line is busy when you press zero or another extension at the prompt, a recording loops you back into the same telephone message.

Provide a new NYPD facility, such as a new precinct house or sub-precinct	
1. Priority	1
Request Quick Reference Name	
Required Label	
Need	NYPD facilities and equipment
Request	Provide a new NYPD facility, such as a new precinct house or sub-precinct
Agency	New York City Police Department
Budget Category	Capital
Explain and Specify Request	An increased number of restaurant/lounges/nightlife establishments on Dyckman Street from the marina to 10th Avenue translates into more visitors and traffic to the community. Therefore, we recommend placing a sub-precinct or command post in the Dyckman Street area from May through October (Thursday through Sunday evenings/early mornings) to allow precinct personnel to be easily dispatched to any 911 and 311 calls and to deter crime in the northern end of the precinct.

Provide surveillance cameras	
1. Priority	1
Request Quick Reference Name	Cameras
Required Label	
Need	NYPD facilities and equipment
Request	Provide surveillance cameras
Agency	New York City Police Department
Budget Category	Capital
Explain and Specify Request	We are requesting that high tech, state-of-the-art cameras be purchased and installed. This will enable both precincts to deter and combat crime, particularly in isolated areas and areas closest to our parks. including the perimeters. The "package" should include lighting to illuminate these dark and crime prone areas and to obtain the best images under limited lighting conditions. These areas include the perimeters of Highbridge Park, Isham Park, and other areas within the district. Additional locations can be found under the Lighting request.

Emergency Services -- Needs and Requests

High level comments or background information Our local firehouses participate in many community wide events. However, more educational initiatives are requested to best education the public and provide outreach in terms of fire safety, recruiting, illegal fireworks, smoke detectors, and other issues important to the safety of residents and businesses. Firehouses have been renovated and are in excellent shape, except for two which require the replacement of apparatus doors. A relatively new EMS base, circa 2013, has been existing in temporary modular buildings also known as trailers; a permanent building is much preferred and requested.

Request

Expand funding for fire prevention and life safety initiatives

Agency

New York City Fire Department

Budget Category

Expense

Explain and Specify Request

The FDNY and FDNY Foundation partnered with the City, Kidde and the American Red Cross to get 100,000 Smoke/CO alarms into homes in high fire risk communities through the #GetAlarmedNYC initiative. Through April 30, 2016, 58,086 alarms were distributed. Funding is requested to purchase additional combination Smoke/CO alarms for distribution. The budget allocation would cover the cost of 10,000 Smoke/CO alarms;

Mobile CPR Training

The Be 911 CPR Program is a free, 30-minute class on compressions-only CPR (non-certification). The classes are taught throughout the year by certified FDNY EMS personnel at various locations. To date, the program has successfully trained over 100,000 New Yorkers in this lifesaving technique. In 2014, The FDNY partnered with NYC Service, the FDNY Foundation a

Provide more firefighters or EMS workers

Rehabilitate or renovate existing fire houses or EMS stations

1. Priority	1
Request Quick Reference Name	EMS Station 172nd Street
Required Label	
Need	FDNY facilities and equipment
Request	Rehabilitate or renovate existing fire houses or EMS stations
Agency	New York City Fire Department
Budget Category	Capital

Explain and Specify Request	Construct a permanent EMS base station in Washington Heights-Inwood (FDNY) to replace the "temporary" modular trailers on 503 West 172nd Street at the corner of Amsterdam Avenue in Washington Heights. This is EMS Station 13 and it has been in its temporary headquarters since 2013. A permanent base station will allow for greater use of the space under one roof, rather than in trailers, for greater ease in facilitating services for the community.

Core Infrastructure and City Services

Core Infrastructure and City Services Most Important Issue	Air quality and pollution
Most Important Issue Explanation	The initial findings of the New York City Community Air Survey showed that Washington Heights is one of the most polluted areas in the City, apparently because of the huge amount of traffic coming through the community on the Trans Manhattan Expressway and the concentration of apartment buildings burning dirty fuel oil.

Water, Sewers and Environmental Protection -- Needs and Requests

High level comments or background information	<p>The water and sewer pipes in our district are very old and are collapsing very often. This condition is shown on the increasing numbers of sink holes and cave in holes all over the district. We have reported in the past two years several dozen of sink holes and cave in on Post Ave., Cooper Street, West 181st Street among other. Our catch basins are clogged causing a lot of floods with heaving rains. There is a very bad flood location at Dyckman Street, Nagle Ave and Fort George Hill. There are also locations that do not have enough catch basin or do not have catch basin at all like the northeast corner of West 166th and Amsterdam Ave.</p> <p>Community Board 12 supports the following actions to improve the environment of our community:</p> <ul style="list-style-type: none"> • Aggressive outreach efforts by the Bureau of Pest Control to reduce rat infestation in our community, which was cited as having the highest rate of rat infestation in Manhattan in 2011. • Restoration of funding for Manhattan’s only lead-safe house, operated by the Northern Manhattan Improvement Corp. at 2183 Amsterdam Ave. This facility is a vital resource for families with lead-poisoned children whose apartments are undergoing lead abatement. • Increased funding for public education and outreach on disposal of household garbage and recyclables. • Due to Northern Manhattan becoming a destination for dining and entertainment the number of pedestrian traffic has increased dramatically we need more litter baskets on our streets to mitigate the overflow of litter baskets on our streets. • The hiring of additional Sanitation workers, including street cleaners and Sanitation police officers, for Community District 12. • The construction of a Sanitation garage for Manhattan Community District 8 so that its collection trucks will no longer make thousands of unnecessary trips through our community every year in violation of the City Charter co-terminality mandate. • The use of cleaner, less polluting fuel oil in apartment buildings, local businesses and large institutions to reduce a major source of pollution in the community. • Stronger and consistent enforcement of the Noise Control Code throughout the community, especially late at night in connection with bars and restaurants. • Comprehensive regulations and policy for the placement of cell phone towers on residential buildings that protect public health and safety and u

Land Use, Housing and Economic Development

Purpose Label 1

Land Use, Housing and Economic Development

Land Use, Housing and Economic Development Most Important Issue Affordable housing programs

Most Important Issue Explanation Housing that is affordable to households within the income-range most representative of the community district is the most important housing issue in Washington Heights and Inwood. The availability of affordable housing and the availability of sufficient affordable housing to meet local demand constitutes the core of both the physical and the social issues. CD12's low AMI, compared to city-wide AMI, and the rising cost of living result in high rent burden and over crowding for a significant percentage of households. The existing stock of affordable housing must be kept intact and affordable to the majority of local residents in order for the community to be sustained and enjoy greater access to and benefit from the broader economic and social fabric of the city and the nation. In addition to the preservation of the existing affordable housing, we are in need of the construction of new affordable housing and the for these new housing units must be calculated based on the median household income of the residents of Community District 12-Manhattan and not based on the median household income of the residents of Manhattan or the City as a whole.

ZONING AND LAND USE

The current zoning in CD12 dates from 1961.
 † Except for a small area, largely south of the George Washington Bridge and west of Broadway, all of CD12 is designated R7-2.
 † The only other relatively large tracks of land not zoned for housing are

Land Use -- Needs and Requests

High level comments or background information	<p>Community Board 12 – Manhattan Land Use Committee</p> <p>June 8, 2016</p> <p>RESOLUTION: AFFIRMING THE RESOLUTION PASSED BY COMMUNITY BOARD 12-MANHATTAN IN OCTOBER 2012 REQUESTING THE DEPARTMENT OF CITY PLANNING INITIATE THE PROCESS TO DEVELOP A CONTEXTUAL REZONING PLAN FOR OF WASHINGTON HEIGHTS AND INWOOD</p> <p>WHEREAS: In October 2012 Community Board 12-Manhattan (“CB12-M”) unanimously passed a resolution calling upon the Department of City Planning (“DCP”) to initiate the process to develop a contextual zoning plan for Washington Heights and Inwood beginning with the area generally bordered by West 180th Street on the south; the Henry Hudson Parkway on the west; Academy Street on the north, and the Harlem River Drive on the east (the “Target Area”), with the understanding that the plan would be extended to include the entire community district as soon as the work in this area is completed (the “October 2012 Resolution”). To date, DCP has not acted to initiate the requested rezoning process; and</p> <p>WHEREAS: The overall zoning of Washington Heights and Inwood has not changed since the adoption of the citywide Zoning Resolution in 1961. The need to update zoning in the community district to meet the current needs of its residents and businesses and to preserve its character and viability has been a long-standing priority for CB12-M; and</p> <p>WHEREAS: In 2006 CB12-M commissioned the City College Architecture Center to undertake a Neighborhood Planning and Land Use Study (the “Study”), which recommended, among other things, that in order to safeguard against over-development contextual zoning should be considered for our district; and</p> <p>WHEREAS: CB12-M has discussed its interest in pursuing a contextual rezoning plan with DCP since the completion of the Study in 2007 and waited for DCP to finish its work on a similar rezoning plan for Manhattan Community Board 9 (CB-9), which was adopted September 2012; and</p> <p>WHEREAS: Edwin Marshall, our DCP liaison in 2012, advised the Land Use Committee at its September 2012 meeting that DCP had substantially completed work on CB9’s rezoning and was now able to begin to work with CB12-M on a rezoning plan for Washington Heights and Inwood, and urged CB12-M to facilitate the process by selecting a section of the community where this effort should be initiated and by defining the planning goals and objectives that should guide the rezoning plan; and</p> <p>WHEREAS: Most of the development pressure in recent years has been concentrated in the middle of our community between the West 181st Street and Dyckman Street commercial corridors, including proposals for four 23- to 39-story buildings at Broadway and West 190th Street/Fairview Avenue, a 27-story building at Overlook Terrace and West 184th Street that started construction, a 36-story apartment building and hotel on West 187th Street, an approximately 19-story mixed-use building at 37 Hillside Avenue, another mixed-use apartment building on a small, irregular site at Fort George Hill adjacent to the Dyckman IRT station. Given this, CB12-M identified the Target Area as the area for DCP to commence the requested rezoning; and</p> <p>WHEREAS: Since 2012 CB12-M has been presented with two additional out-of-context development proposals in the Target Area – a 23-27 story proposal for Sherman Plaza and a</p>
---	--

16-story market-rate residential building at West 190th Street and Broadway, and another one is anticipated shortly – a 19-story building at Broadway and Nagle Avenue; and

WHEREAS: Development pressures in Washington Heights and Inwood coupled with the approval of Mandatory Inclusionary Housing and Zoning for Quality and Affordability threaten to adversely impact the scale and character of Washington Heights and Inwood to an even greater degree than in 2012; now, therefore, be it

RESOLVED: Community Board 12-Manhattan affirms the October 2012 Resolution and calls upon the Department of City Planning to immediately initiate the process of developing a contextual rezoning plan for Washington Heights and Inwood, beginning with the Target Area and eventually extending to the entire community district; and be it further

RESOLVED: The Inwood rezoning currently being pursued by the New York City Economic Development Corporation must include contextual rezoning as a guiding land use and urban design consideration; and be it further

RESOLVED: The contextual zoning districts selected for the contextual rezoning plan must be responsive to and appropriate for the existing built form, scale and character of the neighborhoods that comprise Washington Heights and Inwood.

Housing Needs and Programming -- Needs and Requests

<p>High level comments or background information</p>	<p>Community District 12 Manhattan is well known for its pre and post-world war buildings which are in need of much maintenance and repairs. Many of which are not accessible for individuals with disabilities. As well it holds the most rent regulated apartments in all of Manhattan at 56, 173 rent regulated units. Within Community District 12 Manhattan there is exist many housing issues where tenants who live in these apartments are faced with deplorable living conditions and serious housing code violations. This is such a problem that in 2010 and 2011 than The New York City Public Advocate Bill De Blasio now Mayor created the Worst Landlords Watch List, reporting s Manhattan's worst-run down buildings are mostly Harlem, Washington Heights, and Inwood. Forty five of the 56 Manhattan buildings on the list are in those areas</p> <p>The impact of high rent is felt nationwide, the call for affordability is imperative. A report created by Shaun Donovan / Secretary of the U.S Department of housing and Urban Development "Out of Reach 2012 "defined affordability as it is consistent with the federal standard that no more than 30% of a house holds gross income should be spent on gross housing cost and households paying over 30% of their income are considered cost burdened.</p> <p>The former Mayor of New York Michael Bloomberg's acknowledged the need d for 165,000 more affordable housing units to be either built or preserved in New York City. However the Mayor's affordable housing distribution has been grossly uneven, as seen in statistics provided by the Department of Housing Preservation and Development regarding the borough of Manhattan. From 2004 to 2010, 36,271 affordable housing units were built or preserved in Manhattan, but more than two-thirds of this construction was concentrated in just three of Manhattan's twelve community districts.</p> <p>Residents in this district are faced with rising rents; overcrowding and physical conditions of existing rent-regulated housing units are often in deplorable, conditions with serious housing code violations. This clearly highlights the needs for more funding our existing housing stock in regard to preservation and new construction of affordable housing. Another major concern for our community is the need for affordable and accessible housing, since the median house hold income of our residents is 38, 320 and 42.3% of our residents.</p>

Economic Development -- Needs and Requests

High level comments or background information	<p>Top Priorities for Business Development/Economic Development for CB12M:</p> <ol style="list-style-type: none"> 1. CB12 needs renovated libraries that can be utilized by residents throughout the district to help prepare for gainful employment, be it to utilize technology to search for jobs, as well as resume building – our libraries are a central resource for all that are being underutilized because of the outdated and run down conditions they are in. 2. Continuation of Annual CB12M Small Business Forum, so as to bring the business community, government and the residents of this district together so business owners can gain valuable information on how to thrive and expand. 3. Continuation of Annual CB12M Jobs Fair, and perhaps as a bi-annual event, so as bring job seekers and employers together and help reduce the systemically high unemployment of CB12M. 4. Establish the committee as a main resource to all current and new local businesses, in an effort to engage in a public/private sector dialogue that helps CB12M residents, business and institutions thrive and expand, as well as providing information to local business as it relates to city, state and federal business oriented initiatives. 5. Incorporating business and the local arts community – with a high storefront vacancy, the committee aims to reduce the blight of vacant store fronts by creating a partnership among landlords and the CB12M arts community, so as to provide expanded arts space while increasing the appeal of venues that may be vacant at the time. 6. Play a critical role with the NYC Economic Development Corporation in the current rezoning efforts within CB12M 7. Strengthening relations with government agencies that assist with small business such as DCA, DEP, and SBS. 8. Partner with restaurants and bars in an effort to ensure friendly balance between nightlife activity and the residential community 9. Host an event for local business and residents that provides commercial real estate and legal training as it relates to commercial leases and rights for all those involved in a commercial lease 10. Creating increased tourism and consumer demand for CB12M business and organizations, through expanded transportation options, including water taxi service to Northern Manhattan. With an aging mass transit system, it is cr

Request	Other workforce development requests
Agency	Department of Small Business Services
Budget Category	Expense
Explain and Specify Request	Resources to help people get jobs: Hire additional Multilingual Work Force 1 Program staff responsible for catering to the 36% of CB12 community members that have difficulty finding employment opportunities due to their troubles with the English language (but would also help those who speak English. The district had the highest share of "English language learners" in the City (nearly 29 percent). More than one-third (36 percent) of neighborhood residents reported that they were unable to speak English very well, compared with 22 percent for the City as a whole. Northern Manhattan, Especially CB12M is in dire need of a resource like this, given the Work Force 1 Center on 125th doesn't provide such a resource

Transportation

Purpose Label

Transportation

Transportation Most Important Issue Traffic congestion

Most Important Issue Explanation The most important transportation issue in CB #12, M is the traffic flow. During the pick hours we face traffic jams on the main streets within the district and the streets approaching the different bridges in the district. CB#12, Manhattan is perhaps the district with the most bridges in the borough connecting Manhattan with the Bronx on seven different locations over the Harlem River and connecting Manhattan with New Jersey over the Hudson River.

Traffic and Transportation Infrastructure -- Needs and Requests

High level comments or background information	<p>We have the following bridges in our district:</p> <ol style="list-style-type: none"> 1. The Macombs Dam Bridge spans the Harlem River in New York City, connecting the boroughs of Manhattan and the Bronx near Yankee Stadium on West 155th Street. 2. The High Bridge is the oldest bridge in New York City, having originally opened as an aqueduct in 1848 and reopened as a pedestrian walkway in 2015 is connecting Manhattan and the Bronx over the Harlem River on West 173rd Street through the Highbridge Park. It is expected that bicycle traffic increase on Amsterdam Ave in the near future. 3. The Alexander Hamilton Bridge connecting the Trans-Manhattan Expressway in the Washington Heights section of Manhattan and the Cross-Bronx Expressway over the Harlem River. This bridge brings traffic to the Washington Bridge and the West 181st Street and connects to the Henry Hudson Parkway. 4. The Washington Bridge crosses the Harlem River connecting 181st Street and Amsterdam Avenue in the Washington Heights neighborhood of Manhattan to University Avenue in the Morris Heights neighborhood of the Bronx. 5. The University Heights Bridge crosses the Harlem River, connecting West 207th Street in the Inwood neighborhood of Manhattan to West Fordham Road in the University Heights section of the Bronx. 6. The Broadway Bridge crosses the Harlem River Ship Canal between Inwood on Manhattan Island and Marble Hill in the Bronx. 7. The Henry Hudson Bridge crosses the Spuyten Duyvil Creek. It connects Spuyten Duyvil in the Bronx with Inwood in Manhattan. 8. George Washington Bridge crosses the Hudson River, connecting the Washington Heights neighborhood in the borough of Manhattan in New York City to Fort Lee, in New Jersey. The George Washington Bridge carries over 106 million vehicles per year, making it the world's busiest motor vehicle bridge according to the Port Authority of New York and New Jersey. The approaches to and from the George Washington Bridge in Washington Heights are very congested at all time of the day getting worse during the pick hours.

Parks, Cultural and other Community Facilities

Parks, Cultural and other Community Facilities Most Important Issue	Park care and maintenance
---	---------------------------

Most Important Issue Explanation	Community District 12 has a total of 1,790 acres and features more than 600 acres of parkland; more than 1/3 of the district is parkland. Our parks resources include miles of waterfront, a forest, and three historic houses. Although accessibility continues to be an issue, care and maintenance issues have become an increasing source of conflict in many parks. Northern Manhattan has very few PEP officers; even with the additional of a dedicated team for the newly opened High Bridge, and the addition of a half-dozen PEP officers, CB12M still has significantly fewer enforcement resources per acre of parkland than anywhere else in the City, and no dedicated Forestry service. Moreover, some of our access issues could be mitigated by the additional of personnel resources, particularly along the waterfront, and in areas of high-conflict use (e.g., BBQing vs. cultural programming in the Inwood Hill Park peninsula, more Urban Park Ranger programming along the waterfront, etc.)

Parks and Recreational Facilities and Programming -- Needs and Requests

High level comments or background information

With well over 600 acres of park land it is no surprise that fully 15 of CB12M's capital budget priorities (plus 5 continuing support items) are for projects in and around our parks. Many of the projects are for ADA retrofitting, or for repairs to update aging infrastructure. There are additional capital and expense needs relating to youth programming in parks, waterfront recreation development and other items which, while important, were beyond the OMB-imposed limit of 40 capital project and 25 expense programs.

The Audubon Playground is in a section of CD12M with relatively few parks/playgrounds, yet there is a school serving citywide DoE needs situated in the playground. We would like that "temporary" structure (built decades ago) removed and the area returned to community use as a recreational facility.

Ongoing maintenance of parks pathways, particularly in our largest parks -- Fort Tryon, Highbridge, and Inwood Hill -- is the single most important way to ensure safe access to all parts of our parks, both for recreation as well as for maintenance, safety, and access.

The Msgr. Kett playground is in a part of Inwood not otherwise served by playgrounds nearby, despite being close to a public housing project. It hasn't been renovated since the '90's and is long overdue. Additionally, the basketball courts are heavily used by the community, and are in need of repair.

Many areas within our parks, playgrounds and dog runs need plumbing and/or lighting, for the benefit of parks users, as well as for use by landscaping staff. Areas in need include Ft. Tryon Park's Alpine Garden along the eastern/Broadway slope, and the dog run; the Riverside Park dog run at W. 165th Street, the "Sunken" Playground in Highbridge Park in lower the 160s, and the basketball/tennis courts in Inwood Hill Park.

ADA compliance and retrofit projects include: the historic Morris-Jumel Mansion, the Dyckman Farmhouse, the High Bridge Water Tower, Highbridge Park's New Adventure Playground (W. 165th & Edgecombe), restrooms throughout the District's Parks, and the Hispanic Society of America.

Additional ongoing/recurring requests include the Phase II restoration of the High Bridge water tower (e.g., stairs, pointing, windows and carillon); expansion of free public WiFi in our parks; and funding of Phase II of the New York Restoration Project's clean-up and waterfront access at Sherman Creek. As a new request we would like to see the addition of a science barge to meet the educational needs of CD12M's youth and adults alike, in a creative way that also utilizes our vast waterfront.

On the expense side, CD12M parks are in desperate need of more maintenance and enforcement personnel. While there is much excellent programming of all kinds, our wealth of facilities could be leveraged to greater use with additional programming targeted to youth, seniors, teens. Given our income thresholds and levels of poverty, which are well below borough averages, CD12M is particularly in need of free or low-cost recreation and educational offerings.

Cultural and other Community Facilities and Programming -- Needs and Requests

High level comments or background information	<p>CB12M has a wealth of cultural facilities and programs, but many are in need of accessibility improvements, major capital repairs, and additional program offerings for our community. In particular, afterschool programming and educational/cultural programming at museums & historic houses (e.g. Hispanic Society, Morris- Jumel Mansion, Dyckman Farmhouse, etc.)</p> <p>Northern Manhattan also is in desperate need of accessible performance and gallery space, rehearsal space, and infrastructure to support a growing arts community and audience for performance and displayed art. There is no prioritized capital item for this as there is no identified lead agency or specific funding project, but the absence of this resource is a recurring trope at community meetings and events; as such, it is appropriate to note it in our Statement of District Needs.</p>

Community Boards -- Needs and Requests

High level comments or background information	Under the NYC Charter, Community Boards have a great deal of responsibilities. Community Board have a limited budget resulting in limited staff. CB #12, M has only three staff members including the District Manager. With three staff members CB #12, covers the office operation, all the community needs, Board members demands and night meeting coverage, processing of vendor's payments and the Comptroller's audits. With the sophistication of technology there are new demand that sometime is not possible to accomplish because of the lack of training on the staff or the lack of personnel to perform it. The members of Community Board #12, M demand the presence of a staff for the night's meetings. We have at least ten night meetings per month. The night meetings start at 7 pm and finish around 10 pm. Some meetings, like the Licensing Committee finish close to might night. The Licensing Committee meeting in the month of June went up to the next day, the meeting was adjourned at 1:30 am but the agenda was not completed. A Second meeting was re-convened the following week. CB #12, M needs an additional staff member to help with to keep up with the operation and the covering of the nights meeting.
