

Is Public Transportation A Civil Right?

TOWN HALL MEETING
MARCH 10, 2011 in Harlem at Riverside Church 6-8PM

Waiting on the platform as crowded trains pass you by without stopping?

Phantom service cuts as your bus doesn't arrive on time?

Fearful of getting ROBBED or HARRASSED in a deserted station where the booth has been closed?

Your community advocates understand.
We want to push back against the service cuts and stop them for the future.

New York City only functions when public transportation serves EVERY neighborhood 24/7.

How do we stop the crippling service cuts and make sure that transit remains affordable – for EVERYONE?
