

A Breath of Fresh Air

The growing trend of smoke-free housing in Manhattan

The Manhattan Smoke-Free Partnership and the NYC LGBT Community Center invite you to join us for a smoke-free housing session.

The session will focus on smoke-free housing as a tenant's right to breathe clean air in their home.

A panel of experts in legal and cessation services will discuss how to promote smoke-free living.

Representatives from various types of buildings will share their experience on going smoke-free.

American Cancer Society Hope Lodge, 132 W 32 St
Wednesday, November 13, 2013, 6-8 p.m.

Please RSVP to Tiffany Rivera, trivera@healthsolutions.org.
