

Gas infrastructure upgrades

**Washington Street from Leroy Street to West 14th Street,
West 14th from Washington to Ninth Avenue**

Work Notice Update

Friday, August 9, 2013

Con Edison will be working to expand the gas infrastructure along Washington Street from Leroy to West 14th streets, and on West 14th Street from Washington Street to Ninth Avenue, including all intersections. This project is expected to last through November.

Work will continue the week of August 12 on Washington Street between Leroy and Morton streets. Work hours will be Monday through Friday from 7 a.m. until 3 p.m.

The construction schedule is subject to change. We will provide updates as the project progresses.

This work is part of our partnership with building owners and the City of New York to reduce emissions and improve air quality by converting buildings burning #4 and #6 oil to cleaner-burning natural gas.

We apologize for any inconvenience this work may cause. For more information or to receive updates on this project, please contact Manhattan Public Affairs at 1-212-460-6427, or e-mail ManhattanPA@conEd.com
