
COMMUNITY ADVISORY NOTICE

ASTOR PLACE/COOPER SQUARE PROJECT
PROJECT #HWMP116

Borough: **MANHATTAN**

January 21, 2015

WEEKEND WATER MAIN SHUT DOWN

**SATURDAY, JANUARY 24TH
FROM 8:00 AM UNTIL 4:00 PM
AT THE FOLLOWING LOCATION:
COOPER SQ. WEST, FROM E. 6TH TO E. 4TH STREETS**

****Previous coordination and contact has been made with All Buildings affected by this shutdown.**

If your location is not included within the above limits, you **SHOULD NOT BE AFFECTED** by the water shutdown. Should your building experience a change in water service, please contact the Community Construction Liaison.

****Please note:** A 24-hour advance notification will be distributed to any and/or all affected areas to confirm or cancel any scheduled water shut-off.

SOME THINGS TO REMEMBER:

- The DDC recommends that a qualified person shut off the water main valve in your house/building in order to avoid sediment entering your building's system, which is common with this type of operation.
- You are asked to shut off all Water Cooled appliances, which may include air conditioners, large refrigeration devices, etc.
- Once water service is returned, turn the main house valve back on and flush the system by running your faucets, sinks and tubs, for a few minutes. Run only COLD Water until it appears clear.
- While the contractor will employ all available noise mitigation techniques, this work will entail elevated levels of noise. DDC will monitor operations to assure that they are within the DEP Noise Code Regulations.
