

Water main connection at Washington Square Park

5th Avenue between Washington Square North and Washington Mews

Washington Square North between 5th Ave. and University Place

Washington Square East between West 4th St. and Waverly Place

Washington Square South/West 4th St. between Thompson St. and Broadway

Project # MED608

The New York City Department of Design and Construction (NYCDDC) is managing the water main connection project at Washington Square Park in the Greenwich Village section of Manhattan. This project involves: replacement of trunk and distribution water mains, sewer work, gas relocation, catch basins, chute connections, and amenities including traffic lighting and street lighting. This project has an anticipated completion date of Summer 2018.

Work Completed Summer 2016

1. Sections of water main work
2. Continue Con-Edison gas and electric utility work
3. Sections of distribution water main work
4. Fire hydrant installation

Proposed Work Fall 2016

1. Completing initial utility relocations
2. Sections of trunk water main

High Pressure Gas Tie-ins at LaGuardia Pl. and Washington Sq. South

Community Impacts

- Pedestrian access maintained at all times
- Weekday work schedule: Mon.-Fri. 7AM-6PM; Weekend work schedule: Sat. 8AM-6PM and Sun. 9AM-6PM
- Detour in effect Monday-Saturday (**Occasional Sundays**)
- MTA Bus Stops may need to be relocated within construction zones (advance notice will be given).
- Uniformed NYPD Traffic Agents assigned for traffic control
- Signage in bicycle lanes will be provided
- Certain operations will be noisy; DDC will monitor operations and work within DEP Noise Code Regulations
- Merchant deliveries and drop-offs may be affected. Coordination will be necessary in some areas and addressed on a case-by-case basis
- Parking may be temporarily restricted during construction
- Temporary street closures and/or limited access may be necessary

Special Needs

Individuals with special needs who may be uniquely impacted by this project should contact the project's Community Construction Liaison, as soon as possible, to make them aware of your situation. DDC will work with you to attempt to minimize the inconvenience as much as possible.

Water Service Interruption

During the course of the project there will be service interruptions. To allow water replacement, the existing water service must be shut off by closing the valves at either end of the section. Advance notice will be given for all planned interruptions. Water service will be restored at the end of the day.

Community Construction Liaison (CCL)

The DDC has assigned Bridget Klebaur of Entech Engineering, as the Community Construction Liaison (CCL) for this project. Please contact Bridget for any project related inquiries/concerns you may have:

Phone: 212-228-3913

Fax: 212-338-1612

Email: WashingtonSqPkCCL@gmail.com

Field Office: 77 Bleecker Street, Suite C217, New York NY 10012

Newsletter Distribution

Construction Newsletters are distributed regularly within the project area and to Community Board #2 – Manhattan
