

Installation of Distribution Water Mains Along West 10th Street Project

West Street - 5th Avenue

Project # MED 617

DDC COMPLETES WORK ON THE WEST 10TH STREET PROJECT

The New York City Department of Design + Construction (NYCDDC) is pleased to announce that the MED-617 Project has reached a substantial completion, and will be wrapping- up and finalizing all punch list items by spring 2016. On this project DDC installed new 12" & 20" distribution water mains, new catch basins, fire hydrants, roadway surfaces, as well as upgraded private utilities.

Based on contract specifications, the following work items have been completed:

1. Installation of 4,819LF of 12" & 20" Distribution Water Mains
2. Installation of 11 Catch Basins
3. Installation of 25 Fire Hydrants
4. Con-Edison utilities installed
5. ECS utilities installed

Final restoration of bus pad on W.10th St. & 7th Avenue.

Newly installed fire hydrant and fenders on W.10th St between 7th Avenue & Waverly Place.

THANK YOU!

DDC would like to express its sincerest gratitude to everyone in the community for their patience and cooperation throughout this project. We would also like to thank Community Board #2 along with their District Manager, Bob Gormley, for his distinguished help and support.
