**Weekend Work:**

Day/Date	Location	Work Activity	Work hours
Saturday April 19, 2014	7 <sup>th</sup> Avenue & West 10 <sup>th</sup> Street	Excavation for Gas utility	8:00am-6:00pm <b>(UTILIZED ONLY IF NECESSARY)</b>

**Community Impacts:**

- Pedestrian access will be protected and maintained at all times.
- Vehicular access/partial lane closures may need to be temporarily restricted in order to facilitate construction.
- Dust, noise and heavy equipment are common elements of construction and we ask for your patience during the project.
- Certain operations will be noisy; DDC will monitor operations to assure that they are within DEP Noise Code Regulations.

**Please Note:**

1. This is a very active operation with the use of very heavy machinery and jackhammering.
2. The parking lane on the South side of West 10<sup>th</sup> Street will be eliminated between Bleecker and West 4<sup>th</sup> Street.
3. There may be relocation of bike paths in certain areas; however they will be maintained at all times.
4. If an operation was not started/completed in the previous week, it will remain on the schedule until complete.
5. Test pits and roadway maintenance will require the use of heavy machinery and jackhammering.

Note: Due to unforeseen conditions it may become necessary to change some scheduled work locations and operations.
