

# FY 2020 Borough Budget Consultations

## Manhattan - Police Department

Meeting Date 9/7/2018

### AGENDA ITEM 1 : General Agency Funding Discussion

The purpose of holding the Borough Budget Consultations is to provide Community Boards with important information to assist in drafting their statement of District Needs and Budget Priorities for the upcoming fiscal year. As you know, Community Board Members are volunteers who may not be familiar with the budget process and how agencies' programs are funded. At the same time, Community Board members are very knowledgeable about local service needs.

This year's Manhattan agendas have three sections:

I. Agencies begin the consultation with a presentation of their goals, funding decision process, and highlights of their funding needs.

II. Then, the agenda continues with Community Boards asking about specific program funding.

III. Lastly, the agendas include Boards' requests on district-specific budget questions. We request that the agency respond in writing, but have any further discussions on these items with the Community Boards outside of the consultation.

For the first section, please present on the four topics below for 10-15 minutes at the beginning of our Consultation. Also, please provide written responses or even a PowerPoint presentation that we can use to fully and accurately educate our Board Members.

1. What are your priorities and operational goals for FY19 and projected priorities and operational goals for FY20?
2. What are the current proposed FY19 and FY20 service and operational goals and proposed funding?
3. Which programs is the agency adding, dropping, or changing for FY19 and projected for FY20?
4. What are your benchmarks for new and existing programs and what are your benchmarks/key performance indicators for measuring success?

### AGENCY RESPONSE:

### MEETING NOTES:

#### COMMENTS:

NYPD expenses funding was provided by the mayor's office to make sure body cameras are on. Received additional staffing for juvenile crime desk. Capital budget of 1.4 billion, 1 billion tied to capital improvements. Over 38 million for locker room renovation and over 2 million for facility improvements.

#### FOLLOW-UP:

There is no line item for new 5th precinct but funds can be allocated for improvements. There are allocations for new generator in 5th precinct.

## **AGENDA ITEM 2 : Decrease in Operating Budget**

Following up on last year's Agency Consultation Agenda Items #1 and #5: "NYPD reported a \$116 million decrease for its operating budget vs. 2017; this is explained as a shortage attributed to unconfirmed grants."

1. Does the NYPD anticipate that grant awards in FY19 & FY20 will remain at FY18 levels, decrease further, or increase? What factors contribute to this forecast?
2. Is there a staffing issue that is preventing greater funding from grants?

### **AGENCY RESPONSE:**

### **MEETING NOTES:**

#### **COMMENTS:**

Process of finalizing grant funds, unspent amounts roll over.  
Staffing is not an issue, funds received from Homeland Security grants are enough.

#### **FOLLOW-UP:**

## **AGENDA ITEM 3 : Response Times**

1. What is the NYPD's performance goal for response times to serious and critical crimes?
2. What is the average response times for serious & critical crimes by precinct?  
How much staffing is needed to reduce those times by 30 seconds? By 1 minute?

### **AGENCY RESPONSE:**

### **MEETING NOTES:**

#### **COMMENTS:**

1297 increase in uniformed police, along with neighborhood policing after Council budget 2016.  
We are down to 4-5 minutes response time in most precincts. Response times in midtown are greatly impacted by traffic patterns.

#### **FOLLOW-UP:**

## **AGENDA ITEM 4 : L Train Shutdown**

1. What impacts will the L train shutdown have on the NYPD's budget?
2. What additional funding and staffing are forecasted during the shutdown for each of Manhattan's Transit Bureau districts?
3. How many more Traffic Enforcement Agents are forecasted by the NYPD for Manhattan when the shutdown occurs?

4. During the shutdown, how many more officers and/or additional assignment hours are forecasted for Manhattan by NYPD for the Truck Enforcement Unit, Intersection Control Section, Manhattan Summons Enforcement Section, and Highway Patrol?

5. Will the Traffic Management Center require additional closed-circuit TV cameras for streets surrounding the Williamsburg Bridge, Delancey/Kenmare Sts, and 14th St? How much does each additional traffic-management camera cost?

## **AGENCY RESPONSE:**

## **MEETING NOTES:**

### **COMMENTS:**

Dept is working with Mayor's office; implementation is being discussed and fine-tuned.  
Dept overall will assist in goal to keep traffic flowing between Brooklyn and Manhattan and new traffic rules.  
As we get closer there will be higher level announcements.

### **FOLLOW-UP:**

Will police response be from precincts or traffic division?  
NYPD: Police officers from Transit bureau and nothing has been discussed at the precinct level.

## **AGENDA ITEM 5 : Quality of Life Enforcement**

At last year's Agency Consultation meeting in response to Agenda Item #6, the NYPD stated:  
"...the Department is working on a project to accept complaints about ongoing noise conditions via the precincts' websites—it is anticipated that this system will go live in the next six months."

1. How much has been spent to develop and implement this project?
2. Where this website capability is available:
  - a. Have noise complaint numbers altered in any way?
  - b. Have response times to noise complaints been effected?
  - c. Is the data from this website capability open and searchable?
  - d. Does the website data get automatically tabulated with 311-call data?

## **AGENCY RESPONSE:**

## **MEETING NOTES:**

### **COMMENTS:**

### **FOLLOW-UP:**

Is logging complaints from website still happening?  
NYPD: Upgrades are still happening and it hasn't been put online yet, probably in 2019.

How much has been spent on this project so far?  
NYPD: We are relying on 311's infrastructure. So no money spent yet.

## **AGENDA ITEM 6 : Noise Summonses**

1. How many decibel-meters does each precinct have? What is the cost to the NYPD to maintain a decibel-meter?
2. How many Noise Complaints have there been for each precinct over the past two fiscal years? Can the data be shown by number of 311-calls (and if available by number of precinct website complaints), Commercial complaints, and Non-commercial complaints? Also can data on Noise Summonses for each precinct over the past two years be broken down by Commercial device, Non-commercial device, Commercial horn/alarm, Non-commercial horn/alarm, Commercial unreasonable, & Non-commercial unreasonable?
3. What budget areas or line items need to see an increase to improve noise complaint enforcement and/or issuing noise summonses?

### **AGENCY RESPONSE:**

### **MEETING NOTES:**

#### **COMMENTS:**

From 2017-2018 we saw a drop in noise summons and complaints; we are down 968 complaints decrease of 2.6 percent. Importance of NCO's and command to get involved in noise complaints; high relationships with community and police officers are to account for lowered numbers.

#### **FOLLOW-UP:**

NYPD to get back to CB's on accuracy of summons' amounts in individual precincts.

CB3 takes exception at complaints going straight to NCO's and command since it leaves CB's out of the loop; would like CB's to be more involved in this process. Would like more collaboration and coordination with NYPD.

NYPD: does not discourage 311 calls but encouraged people to take action that will resolve the complaints as quickly as possible.

CB7: Is there a report or summary that NCO officers prepare that detail noise complaint calls that don't go to 311?

NYPD: yes there are tasking sheets; they can be provided at Build the Block and Community Council meetings

## **AGENDA ITEM 7 : Homeless Units and Outreach**

### **AGENCY RESPONSE:**

### **MEETING NOTES:**

#### **COMMENTS:**

NYPD receive \$ to assist management team to oversee DHS security /working with the Mayor's office to handle homelessness. Still be evaluated, haven't received any discrete funding to handle homeless outreach.

**FOLLOW-UP:**

What funding is needed for NYPD to continue working with DHS?  
Depends on what Mayor would like to do.

NYPD makes thousands of contacts but only small percentage of homeless people take the services that are offered. Cannot forcibly remove homeless off the street; not much that can be done unless they are dangerous.

Does each precinct have a team to handle homelessness?  
NYPD: It's a precinct by precinct and boro by boro effort.

Susan: For gauging effectiveness of outreach, how do you differentiate between police unit and DHS unit? Are you outreaching separately or together?  
NYPD: We don't have access to DHS data so can keep track of case management on that side, or private outreach in each CB.

**AGENDA ITEM 8 : Crisis Training**

3. Has an outside contractor been paid to implement or evaluate the effectiveness of the NYPD's Crisis Intervention Training? If so, how much has been paid for each of those duties?

**AGENCY RESPONSE:**

What factors does the NYPD use in its assessment for optimal coverage for an area by the Truck Enforcement Unit officers?

How much does it cost to hire more Truck Enforcement Unit officers?

**AGENCY RESPONSE:**

**MEETING NOTES:**

**COMMENTS:**

Enforcement is ongoing all year long;

**FOLLOW-UP:**

Has enforcement been expanded?

NYPD: there is the same amount of personnel and we believe it is sufficient.
