Valerie Polanco
56 East 1st Street
New York, NY 10003

Dear Ms. Polanco:

This is in reply to your 311 Customer Comment S/R#1-1-778801341 requesting a 'No Parking 8am -6pm Including Sunday' area be installed on the northside of East 7th Street, and a "No Parking Anytime" area be installed on the southside of East 8th Street, between Avenues C and D.

The Manhattan Borough Engineering Office completed a preliminary field investigation at this location, however, construction was found to be ongoing. While we do not anticipate an issue in fulfilling your request for the East 7th Street side of the building, your request for a 'No Parking Anytime' regulation at the East 8th Street side is considered a "Quality of Life" issue and as such, requires the approval of Community Board # 3. Kindly, request that Community Board # 3 inform us regarding their determination so that we may respond accordingly. In the interim, please notify my office one month in advance when construction will be complete so that we may proceed with our survey on East 7th Street.

Thank you for your interest in traffic safety.

Sincerely,

A handwritten signature in blue ink, appearing to read "M. Forgione".

Margaret Forgione
Manhattan Borough Commissioner
