2. I am the engineer for the project described above ("Project").
3. All capitalized terms not defined herein have the respective meanings set forth in the New York City Zoning Resolution ("Zoning Resolution"). All amounts of floor area stated herein are measured in accordance with the definition of "floor area" set forth in Zoning Resolution § 12-10 and Section 41-15 of the Inclusionary Housing Guidelines ("Floor Area") and are based on the building drawings ("Plans") submitted to the New York City Department of Buildings and HPD for the Project.

  - Such measurement excludes (a) the thickness of exterior walls, (b) the thickness of partitions separating such dwelling unit from any other dwelling units or other spaces, and (c) portions of such dwelling unit that do not qualify as Floor Area.
7. The Project contains 4,576.65 square feet of total Floor Area attributed to common areas in the building for which a user fee is charged to residents of Affordable Housing Units for their use (including, but not limited to, health clubs, pools, and party rooms).
- Such measurement includes the square footage within the inside face of the walls enclosing each such separate common area (i.e., all floor surfaces within such common area, including closets, and the partitions that separate rooms that are within the same such common area).
  - Such measurement excludes (a) the thickness of exterior walls, (b) the thickness of partitions separating such common area from dwelling units or other spaces, and (c) portions of such common area that do not qualify as Floor Area.
8. The Project contains 12,217.63 square feet of total Floor Area devoted to Affordable Housing to be occupied by Low Income Households, calculated as follows:
