

743-749 East 9th St, New York, NY 10009 WWW.HOUSINGWORKS.ORG

Dear Neighbors, Friends and Community partners:

Housing Works' Keith D. Cylar Health Center **is now reopened**, after being closed all of last week due to Hurricane Sandy. The center is in Zone A so we were ordered to evacuate and therefore suspend services.

Today we are open and ready to serve again. Our full-fledged medical facility offers **primary care to anyone regardless of HIV status, insurance or ability to pay (sliding scale fees will be offered)**. Our new Cylar House Behavioral Health Clinic offers long-term psychotherapy, crisis intervention, psychiatric services, and other mental health services and accepts most insurance, **but will also service local residents regardless of HIV status or ability to pay (sliding scale fees will be offered)**.

We want to thank all of our staff who worked to get our center up again, in order to support the community and prevent our community members from going another day without receiving lifesaving services.

If you have any questions about our services, please contact us: 743-749 East 9th St.
New York, NY 10009 212-677-7999 ext. 4202

Primary Care Hours: Monday-Friday: 9am-5pm

Behavioral Health Clinic Hours: Monday—Thursday: 7am-7pm, Friday: 7am-6pm
