

HUDSON SECURITY SOP

GOOD UNITS EVENTS

Objective:

The purpose of the Good Units Security SOP is to define the operating procedures for all Public Events held in Good Units. The goal of the SOP is to define the positions and roles needed to ensure that the traffic to and from events does not impact the quality of life for the neighborhood.

SOP:

All security officers listed here in this SOP, to the best of their ability, will deal with the security and well being of the hotel, its guests and property, as well as mitigate any impact, on the neighborhood and the buildings surrounding the hotel from guests arriving and departing to Good Units. They will make every good faith effort to control smoking, traffic, and guests arriving and departing from all Public Event at Good units.

During all events, Good Units will staff in compliance with the standard set forth by the New York City Police Department and the Nightlife Association of 1 security officer per every 75 patrons present at an event. All Security Guards assigned to these events will be licensed by the New York Department of State.

At the conclusion of the event, security officers will be shifted to the front of the hotel to assist in the orderly dispersal of patrons waiting for cabs or exiting the hotel. These officers are tasked with maintaining order on the street and controlling departures.

All events at Good Units are monitored 24 hrs a day by 16 Digital Security cameras. The Video Surveillance is in accordance with the NY State Law Section 20-360.2

There are two entry plans to access Good Units:

Plan A is for entry through the main entrance of the hotel.
