MEMORANDUM

To: Margaret Forgione, Borough Commissioner

From: Anthony Borelli, District Manager

Date: April 13, 2005

Re: PANYNJ installation of CDS signage for Lincoln Tunnel entrances.

Please consider this memo as a request that the Department of Transportation withhold permits for the construction of these signs until the PANYNJ returns to Community Board 4 with a proposal which addresses the objections outlined in the attached letter.

Thank you for your consideration.
