Re: Nighttime Taxi Stands on Tenth and Eleventh Avenues, 24th - 29th streets

Dear Commissioner Forgione,

Thank you for forwarding to us potential locations for taxi stand signage on 10th and 11th Avenues, as per the Community Board's request in January for new locations. The Community Board supports each of the proposed locations:

West Side of 10th Avenue

South half of the block between 29th and 28th Streets
South half of the block between 28th and 27th Streets
Existing stand on the north half of the block between 27th and 26th Streets

East Side of 11th Avenue

Full block between 28th and 27th Streets
Full block between 27th and 26th Streets
Each end of the block between 26th and 25th Streets

Thank you, once again, for conferring with us on this most important matter and for your partnership in addressing the pedestrian safety issues related to the active nightclub district in that area.

Sincerely,

Walter Mankoff
