**Re: Newsstand Application at N/E/C Eleventh Avenue & West 44th Street
Application #: 2089-2013-ANWS**

Dear Commissioner Mintz:

Manhattan Community Board #4 approves the proposed newsstand on the east side of 11th Avenue approximately 21 feet north of West 44th Street. The applicant appeared at the public hearing to present their proposal and indicated that family members would be operating the newsstand. The building along 11th Avenue in front of the newsstand is setback 7' from the street line near the parameter of the newsstand and it thus enables a 17' path in front of the newsstand for pedestrians. The location meets both DCA and CB4 newsstand guidelines. It should be further noted that the applicant notified both the building owner and retail tenant whose entrance is 6 feet to the north (and 10 feet to the east) by certified mail last month and neither expressed any concerns.

We request that the Newsstand operator consult with the building owner on the location of their not yet installed street trees to ensure the location is not in a planned tree planting spot. We request DCA enable the applicant to move the newsstand a few feet north or south to accommodate such tree planting without considering it a new location.

Sincerely,

Christine Berthet
