

SPECIAL HEALTH AND HUMAN SERVICES MEETING

The Health and Human Services Committee of CB 7 wants to alert you to our plans for our next meeting. We've been concerned about the aging population in our community, and have been asked to specifically explore the needs of the isolated elderly, how they can be met, and how the information can be widely circulated. We've been hearing about specific programs addressing this, and this month we have three presenters who will share what the state and city are doing, as well as a view of the special needs of older people.

The presenters are:

Dr. Mary Jane Koren, well-known geriatrician, who has led programs at Montefiore, Mt Sinai, the Bronx VA Medical Center, the New York State Health Department, among many other leadership roles. She is currently Assistant Vice-President of the Commonwealth Fund, specializing in long-term care programs.

Caryn Resnick, Deputy Commissioner of the New York City Department for the Aging

Lani Sanjek, from the Statewide Coalition for Senior Action, whom the Commissioner of the New York State Office for the Aging has asked to represent him.

It should be a very good meeting , and you are all invited to come.

The meeting will be held **Tuesday, February 19th**, at the Community Board Office, 250 West 87th Street, at 7 p.m.
