

**Manhattan Borough President Scott M. Stringer
and Community Board 7
invite you to
a public meeting on the
Riverside Center Development Proposal**

**Where: PS 191 Auditorium
210 West 61st Street (and Amsterdam Avenue)**

When: Thursday, June 10, 2010 at 6:30 pm

As currently proposed, Riverside Center will include the construction of five residential buildings between West 59th and West 61st Streets, from West End Avenue to Riverside Boulevard.

The creation of Riverside Center will bring thousands of new residents to the neighborhood, which will have significant impacts on the surrounding community. It is therefore crucial that those most impacted by this development have the opportunity to assess the plans and share their views on the project.

For more information, please contact **Corey Peterson**, in the Manhattan Borough President's office at **212-669-4546** or **cpeterson@manhattanbp.org**.
