# RANDALL'S ISLAND PARK ALLIANCE OUTDOOR CAREERS CAMP

August 4-8, 2014

Randall's Island Park Alliance will host an exciting free nature program for local boys and girls ages 12-17 this summer. Our Outdoor Careers Camp is designed for young people interested in learning about green industry careers in Turf Management, Urban Agriculture, and Natural Resource Management. Each day will be packed with lively activities guided by RIPA's experienced professionals. Participants will engage in real world problem solving, hands-on projects, and exploratory outdoor learning. Our instructors offer insight on education, internships, and employment opportunities in these fields. It's never too soon to start growing your future! Each child will receive a t-shirt. Lunch and transportation provided. Each child should apply directly to Randall's Island Park Alliance. **Applications due by July 1, 2014.**
