CHAIR'S REPORT  
GENERAL BOARD MEETING  
Thursday, October 15, 2015  
6:30 P.M.

Chairs Report:

The Board has been asked by the Impact Center for Public Interest Law to pass a resolution that supports "Right to Counsel at Housing Court". I have asked the representatives to provide information to our Housing Committee to allow us to get a better idea of the implementation and function of the law. It will ask City Council to support all tenants' access to a lawyer in housing court.

Citi Bike will be coming to MCB9. We have been approached to select potential places for locations of the bike stands. They will be coming to further present to the Transportation Committee at which time further locations can be fleshed out as well as a public hearing to allow input from the community.
