

September, 2011 District Manager's Report

PSA-6

On Sunday, September 11th, 2011, at approximately 4:00 a.m., a 17 year old female black (TyShauna Murphy) was fatally shot inside of 3170 Broadway. Sources say the shooting incident stems from an altercation and ongoing dispute that has been occurring between youth crews from the Manhattanville Housing Development, the General Grant Housing Development and a youth crew from the Manhattan Avenue/Morningside Avenue area between W.114th and W.118th Street. The shooting is believed to be retaliation for an assault that occurred around 2:00 a.m. earlier that morning. Sources say earlier in the day the victim may have been present at an assault that took place off development against members of the **Make Something Happen** crew of the Manhattanville Housing Development. The victim is believed to be a known associate of the **3 Stacks crew** of the General Grant Housing Development with whom the **Make Something Happen** crew have an ongoing dispute.

According to sources known to the department, the victim was inside the lobby of 3170 Broadway with a 17 year old male associate, when they noticed two male blacks rushing towards them. The victim and her male associate, fearing for their safety, both ran up the stairwell to escape potential disaster. Unfortunately, the victim and her associate both suffer from asthma and stopped in the stairwell between the third and fourth floor. That is when they both encountered the two male blacks; the male black with the dreads began firing shots at them, striking the victim in the left chest, right hip and right arm. Shortly after the incident, police units were mobilized to the area and a crime scene was established. During the investigation, two shell casings were discovered on the third floor platform of the stairwell along with bullet fragments in the stairwell between the third and fourth floor. A positive I.D. has been made of one of the persons believed to be involved in the shooting.(see attached Comstat) No arrests have been made yet but video images of the lobby along with a positive identification of one of the perpetrators leads us to believe that arrests will be made.

DFTA:

DFTA reported Senior Issues Public Hearing will be held on October 17, 2011 urging CB9 to testify.

Budget:

City Council Member Inez Dickens secured \$10,000 in funding for Manhattan Community Board No. 9 in the NYC Council's FY 2012 budget process. The Fiscal Year begins on July 1, 2011 and ends on June 30, 2012. The Board was selected for funding based on the proposal submitted, identifying the need for services in our district that have been reduced or eliminated due to budget cuts. (see letter attached)

ConEdison:

ConEdison reported the NYC Clean Heat is New York City's sustainability plan, set out to make our air quality the cleanest of any large U.S. city, eliminating the use of heavy oil is the single highest-impact step we can take towards this goal. Heavy oil (also known as #6 and #4 oil) is the sludgy waste-product of the oil refinery process. When burned it releases large amounts of particulate matter, or small particles that when breathed-in can lead to a range of serious health impacts. In the Spring of 2011, Mayor Bloomberg finalized regulations that will require existing buildings to stop using #6 oil by 2015 and #4 oil by 2030 leading to 1, 500 lives saved over the next two decades. The goal of NYC Clean Heat is to achieve these health benefits much sooner by accelerating the transition to the cleanest fuels. Building owners, managers and residents are urged to attend a Town Hall co-sponsored by ConEdison, Manhattan Community Board No. 9, Mayor's Office, and Environmental Defense Fund. The Town Hall Meeting will be held on Thursday, September 22, 2011, 6-8p.m., at the George Bruce Library, 518 W. 125th Street @Amsterdam Ave. (see Attached Flyer)

Budget Consultations:

The Manhattan Group Consultations will be held on Monday, October 3rd, and Wednesday, October 12th with the following agencies at the Mayor's Office of Management and Budget (OMB):

- ACS
- DOB
- DOT
- Dept. of Homeless Services
- HRA
- FDNY
- NYPD
- Dept. of Parks and Recreation

At the Manhattan Group Consultations, board members and staff will meet with representatives of the various agencies that deliver services on a City-Wide level. The Boards usually discuss issues affecting the entire City such as personnel, equipment and agency policies. Please review the attached agendas for the October, 2011 Manhattan Group Consultations.

Meetings/Announcements:

Manhattan Community Board No. 9 along with Con Edison, Mayor's Office of Long-term Planning & Sustainability, Mayor's Community Affairs Unit, and Environmental Defense Fund will host a Town Hall Meeting on Clean Heat. The NYC Clean Heat program aims to accelerate the phase-out of heavy heating oil, which is a major contributor to air pollution in NYC switching to cleaner fuels, will improve the air we breathe. Everyone is urged to come and learn how you and your building can improve the Air Quality in your neighborhood – (see attached Flyer)

Borough of Manhattan African Advisory Council

The Manhattan Borough President's Office hosted a meeting to establish an Advisory Council consisting of:

- Community Boards
- NYPD Precinct Councils
- Neighborhood Associations
- Community Education Councils
- Hospital Community Advisory Boards
- Business Improvement Districts

The Advisory Council will address issues affecting the growing African community in the Borough of Manhattan and develop solutions driven to address matters with government agencies; serve as a conduit for civic engagement for residents of African descent; establish strategic partnerships with key stakeholders in the Borough of Manhattan.

The Advisory Council Outcomes/Suggestions:

- Meetings with Commissioners of City Agencies (i.e. TLC, Consumer Affairs, DOE and NYPD);
- Translate MBPO Immigrant Rights and Services Manual into French
- Host Town Hall Meetings
- 116th Street Block/Merchants Association

National Park Service:

National Park Service is hosting the Grand Re-Opening of the Hamilton Grange on Constitution Day, September 17th, 2011, Sunday, September 18th, 2011 from 12Noon thru 4p.m. (See attached Flyer)

African-American Day Parade:

Welcome to Hamilton's 'Sweet Project' Grand Re-Opening – September 17, 2011

Today is Constitution Day, a most-fitting day to recognize Alexander Hamilton, the Founding Father who, as co-author of the Federalist Papers, the defining discourse on American government, was indispensable in the effort to get the U.S. Constitution adopted.

Hamilton came to New York from the West Indies in 1772 and studied at King's College (now Columbia University). He was commissioned as a Captain of Artillery at the beginning of the Revolutionary War, fought in the battle of Harlem Heights, and became an aide-de-camp to Gen. George Washington. After the war, Hamilton was a member of Congress and the first Secretary of the Treasury. He devised plans for funding the national debt, securing federal credit, encouraging expansion of manufacturing, and organizing the federal bank.

Hamilton commissioned architect John McComb, Jr. to design a Federal style country home on his 32-acre estate in Harlem, which included this part of St. Nicholas Park. The house was completed in 1802 and named "The Grange" after his family's ancestral home in Scotland. Hamilton lived in the home for only two years because on July 11, 1804 he was fatally wounded in a duel with his political rival, Vice President Aaron Burr. The National Park Service moved the home to this site in 2008 and restored the memorial so that future generations will better understand and appreciate the role that this prominent New Yorker played in forming the United States.
