
Dear New Yorkers:

The New York State Comptroller's Office is conducting a survey on noise in New York City neighborhoods and would like you to take the survey.

You can access the survey through your Community Board. Your Community Board will email the survey weekly so make sure that you are on your Community Board's email distribution list.

Community Boards may also choose to post the survey links on their websites, Facebook pages, Twitter feeds and other social media.

Research has demonstrated that noise can adversely impact public health. For example, noise can disturb sleep and increase stress levels. We want to learn about your experience of noise in your community and solicit your ideas for reducing noise.

Toward that end, we are asking all community residents to take the survey by March 15, 2016.

If you have any questions about the survey, please contact Aida Solomon or Cheryl Pahaham at 212-417-5200 or sgappdu@osc.state.ny.us.

Thank you!

State Government Accountability
