Manpower down; we are having to do more with less. Need more Boro help. There are no patterns.

J. Ramon: Have noted that there appear to be more police patrols and presence at the beginning of the month than later on. Ans. There are four sectors in the 26

1. Below 116th Street
 2. 116-133 Broadway to Highway
 3. 116 - 123 Broadway to Morningside
 4. The northern sector encompassing the balance of the area.
- Often we can have only one car in a sector on a shift.

We are working on initiatives to show proactivity.

PSA 6 - Officer Pender

Have lost more than we have gained in terms of person power.

Detailed the ATM scam:

There should be nothing in the cubicle where the ATM is located as it could contain a camera. Also see if there is an attachment on the place where you insert your card [this will read your card, but will not keep you from getting your money] if there is one, pull it off; at that point there will probably be a person who comes up to you and tries to get it. When there are scams like this the perps are normally close by.

Fire and Sanitation, No show

J. Ramon: Asked that the two be requested to attend. Noted that with the coming of the new recycling regs, Sanit should have attended..

Licenses:

773 St. Nicholas AV [between 148 and 149th Street]

Represented by J. Nam. Stated that it was a continuing business, but a new owner. [had been there before tho.]

We requested that the matter be brought up at the May meeting.

New Business:
