**By consensus, both the agenda and the minutes of the previous meeting [subject to subject emendations] were approved.**

**Reports:**

**Frank Sorens: 26 Pct**

**The crime picture has been "quiet" meaning that there have been no patterns, except for cell phone thefts. Also, headlights have been stoled from Lexus cars on RSD and Morningside Dr.**

**TK asked re the crimes reported in Columbia buildings. According to the response, the 26<sup>th</sup> had no idea of these events.**

**Maurice Bruae – DOT**

**He is a Deputy Commissioner**

**Reported that the angle parking on Hancock Pl "will get done this season." The RSD to Bway 120<sup>th</sup> street request had been put aside. TK noted that the reasons were all in effect in the area between Bway and Ams AV, but there, for some reason, there was no problem. He will meet with the Deputy Commissioner and do an on site.**

**Capt. Kiobitsch PSA 6**

**There have been "some" slashing incidents, youth on youth; otherwise only an increase in grand larcenies, mostly unattended items; also ID theft.**

**Patrol of Grant and Manhattanville Housing is ongoing and by video.**

**TK: How many persons are on patrol to answer video calls; "Cant promise a number." TK: Well, if they are out on Montauk Pt, all that does is help in Iding; it does nothing to protect our community.**

**L. Davis 152 between Bway and Ams upset by quality of life probs.**

**Residents of Edgecombe AV 141-2 Street upset by noise. When cops come, noise goes down, when they leave, decibels rise again.**

**Note when you call 311, ask for a number or it will not get logged in**

**There being no additional business, the meeting was ajorned at 7:40**
