The next item on the agenda was a presentation by the Authority’s management and independent auditors relating to the System’s Fiscal Year 2011 and 2010 financial statements which had been distributed to the Committee. The Authority’s Comptroller, Michele Levine, presented an overview of the financial statements. She discussed the Statement of Net Assets noting there is a negative net asset balance. The System’s liabilities exceed its assets because some of the Authority’s bonds are used to fund items which are not assets under generally accepted accounting principles such as certain costs of complying with the System’s Filtration Avoidance Determination.

Deloitte and Touche partner, Glenn Friedrich, described the scope of review of the financial statements by Deloitte and Touche, the Authority’s independent auditors. He noted that a management letter prepared by Deloitte & Touche will be forthcoming.

**Audit Committee Meets with Independent Auditors**

Mr. Shaw recited the following statement on the importance of executive session to allow time for the Committee to discuss concerns with the independent auditors:

“Executive sessions are very strongly recommended by the Government Finance Officers Association and the American Institute of Certified Public Accountants. Executive session will allow the auditors to meet privately with Committee members to express any concerns about management and allow Committee members to ask questions about and/or express any concerns we may have. If any material areas of concern that are appropriate for public meetings are raised in executive session, the Committee will bring them to the attention of the full Boards in order that they may be addressed appropriately in accordance with laws and procedures governing the Authority and Board.”

Upon motion duly made and seconded, the Committee resolved to convene in Executive Session to meet with the independent auditors.
Recommendation to the Authority Board of Directors and the Water Board of the acceptance of the independent auditors’ report on the audited financial statements of the System for the Fiscal Years ended June 30, 2011 and June 30, 2010, and the issuance of such financial statements.

Following Executive Session, the Committee reconvened in open session without having taken any action in Executive Session. Upon motion duly made and seconded, the following resolution was unanimously adopted by the Committee:

WHEREAS, the joint Audit Committee of the New York City Municipal Water Finance Authority (the “Authority”) and the New York City Water Board (the “Water Board”) has met with the independent auditors of the water and sewer system of the City of New York (the “System”) and has reviewed the independent auditors’ report on the audited financial statements of the Authority for the fiscal years ended June 30, 2011 and June 30, 2010 and such financial statements, as submitted to the Committee; and

WHEREAS, the Audit Committee believes the independent auditors’ report and the financial statements are reasonable and appropriate; it is therefore

RESOLVED, that the joint Audit Committee recommends to the Board of Directors of the Authority and the Water Board the acceptance of the independent auditors’ report and the authorization of the release of the audited financial statements of the System for the fiscal years ended June 30, 2011 and June 30, 2010; provided that both the independent auditors’ report and the audited financial statements may be amended to reflect non-material changes acceptable to the Comptroller of the Authority.
