

TELECOMMUNICATIONS SPECIALIST (DATA)

The New York City Police Department is seeking a qualified candidate to fill a Telecommunications Specialist (Data) position in the Management Information Systems Division. The Telecommunications Specialist (Data) will oversee the implementation and maintenance of complex telecommunication networks and projects; and perform analytical, technical, administrative, supervisory, and/or related data telecommunications tasks necessary for the installation, testing, operation, evaluation, modification, and usage control for data telecommunications systems, equipment, and services. Candidates must possess extensive experience in Network components such as servers, hubs, cabling, etc. These systems may include combinations of voice, data, video, and audio; and the formats can be digital and/or analog transmissions, as well as conversions of all formats into digital. These designs can include the use of telecommunications copper cabling (i.e., coaxial, twisted-pair, etc.), optical fiber cabling, and wireless (radio or optical), T1/T3 Sonet and DWDM.

QUALIFICATION REQUIREMENTS

1. A baccalaureate degree from an accredited college including or supplemented by 24 semester credits in data telecommunications/networking or in a pertinent scientific, technical, electronic or related area and three years of satisfactory full-time experience in the performance of analytical, planning, operational, technical, and/or administrative duties in a data telecommunications or closely-related electronics planning, electronics management, and/or electronics service environment, one year of which must have been specialized work in consultative or supervisory capacity; or
2. An associate degree from an accredited college including or supplemented by 12 semester credits in data telecommunications/networking or in a pertinent scientific, technical, electronic or related area and four years of experience as described in "1" above; one year of which must have been specialized work in a consultative or supervisory capacity; or
3. A four year high school diploma or its educational equivalent and five years of experience as described in "1" above; one year of which must have been specialized work in a consultative or supervisory capacity; or
4. A satisfactory combination of education and/or experience equivalent to "1", "2" or "3" above. A college education may be substituted for experience on the basis of six months of experience as described in "1" above for each 30 semester credits of undergraduate college education including or supplemented by 6 semester credits in data telecommunications/networking or in a pertinent scientific, technical, electronic or related area for a maximum of two years credit. However, all candidates must have at least a four year high school diploma or its educational equivalent and at least three years of the experience as described in "1" above, one year of which must have been specialized work in a consultative or supervisory capacity.

Preferred Skills:

Candidates with Certifications in Registered Communications Distribution Designer, Premise Wiring, T1/T3 Sonet, DWDM, VOIP, or Electronic Test Equipment will have preference. All candidates must possess an expert level of standard communications, wiring color coding and connecting schemes.

SALARY: \$ 61,266 – \$ 95,630.

RESIDENCY REQUIREMENT:

New York City residency required within 90 days following appointment.

ALL APPLICANTS WILL BE SUBJECT TO FINGERPRINTING AND BACKGROUND INVESTIGATION.

Interested candidates should forward two (2) copies of their resume and a cover letter to:
